NEW CHARGE IS MADE IN GRAFT CASE

(Continued from Page 1)

Further taking of evidence in the charges of police graft, which so far have resulted in indictments against Chief of Police J. H. Neederman, Dave Cockrell, gambler, and Corporal Thomas O'Neill, will be resumed by the Alameda county grand jury Monday.

This was decided last night after a conference between District Attorney Ezra Decoto and Foreman Claus Kroeger of the grand jury. More indictments are promised after Monday's meeting.

The temporary suspension of the hearings was decided on, according to the district attorney's office, to permit the perfecting of several important pieces of evidence that are to be laid before the inquisitorial body. Captain of Detectives Walter J. Petersen and Decoto held an extended conference yesterday at the courthouse over new phases in the case, following which Kroeger arrived at the district attorney's office. Decoto intimated that he also needed a "breathing space" to prepare for the arraignment of Neederman.

That attempts will probably be made to lodge charges against Petersen in retaliation for his activities in the present grand jury investigation, is declared by Petersen, whose accusations against Neederman, Cockrell and O'Neill first precipitated the probe. "Rumors have reached me," Petersen said, "that if indictments were returned against Neederman and his associates charges would also be placed against me. I have known for two weeks that a plot against me is being framed, but this investigation is going on just the same. Nightingale, the policeman who has repudiated his statement to me, has not yet been before the grand jury, but I am not saying that he will not be called."

Cockrell, who, when he was brought to the county jail, was suffering from a swollen jaw, the result of dental trouble, has entirely recovered from this. He charged when he was brought to the jail that mistreatment had caused this trouble. This Petersen and Chief of Police August Volmer of Berkeley, who held him in detinue in the Berkeley city prison, deny.

More Graft Indictments Promised Grand Jury to Be Active Monday Evidence Is Carefully Guarded

Cockrell and O'Neill Tuesday morning in the Superior Court before Judge James G. Quinn.

Attorneys for the defense have no inkling of the nature of the evidence to be placed against their clients when the cases come to court and it is intimated that some of the accused will probably be used as state's evidence.

County Detective George Helms was sent out today on a secret errand, believed to have been connected with the police graft case. He refused to discuss his mission.

Jack Woolley Better After an Operation

Jack Woolley, local saloon man and politician, who was operated on Monday by Dr. Francis M. Shook as the result of a blood clot which formed back of one of his eyes, is at his home, Thirtieth and Jackson streets, and is getting along, nearly, it was reported today. Woolley did not pay much attention to the affection at first, but the pain became so severe that it was decided to operate.

Cabinet of China Offers Resignation

PARIS, May 16.—The Chinese cabinet has resigned, but the president has refused to accept the resignations, according to a telegram from Peking to the peace conference.

The peace conference at Shanghai between representatives of Northern and Southern China, the telegram adds, has broken up.

Belgium's King Flies to England

BRUSSELS, Thursday, May 15.—(Havas)—King Albert left the Belgian capital in an airplane today for England.

UNDERWORLD TRAFFIC, HINT IN NEW PROBE

Despite an interruption until Monday in the grand jury's investigation in police graft, the day was far from being barren of developments in the exposures which have resulted so far in the indictment and arrest of Chief J. H. Neederman, Corporal Thomas O'Neill and Dave Cockrell, the gambler. Among these developments were the following:

Admission by District Attorney Ezra Decoto that other sources in the city had indicated that might have produced illicit police income were under investigation.

Reports that Cockrell would be offered immunity for evidence involving alleged "higher-ups" in graft and denial of immunity plans by Decoto.

Declaration by county officials that the indictments were not outstanding, but that others were expected to follow the removal of the grand jury hearing.

Intimation that Policeman Charles Nightingale, whose statements to Captain of Inspectors Walter J. Petersen are said to have started the probe, will be called soon before the grand jury.

Confirmation by Decoto of report that only a portion of gambling places believed to be involved in graft have yet been named.

The district attorney declared this morning definitely that gambling alone did not comprise the possible sources of alleged police revenue which the grand jury was investigating. What the other sources were he did not care to say. Suggestions that women of the underworld could buy immunity in this city are held to be subjects of the supplementary probe by the grand jury. This Decoto would not confirm.

That "white lotteries" and vice in West Oakland are among these other matters under probe was never probable today. Part of this question was thrashed out in a message in the hearing which was conducted by Commissioner F. F. Morse, City Attorney Hagan and others. A number of policemen who were or had been in the West Oakland district were called in as witnesses at that time.

MORSE INVESTIGATION NOT MADE PUBLIC

The transcript of that hearing District Attorney Decoto declined to make public today. It was the property of Commissioner Morse, he said. He added that its being withheld was not any particular loss to the people at large.

"There is nothing in it that would be of any interest," he said.

From the moment at which the indictment against Cockrell was returned there have been continuous hints that an effort was to be made to persuade him to testify in the state's defense and become the Orville McDaniel of the local graft trials. When Cockrell was kept, as he charges, incommunicado for two days in the Berkeley jail, it was supposed that the extended period was to permit thorough examination of the accused man.

PETERSEN THINKS COCKRELL MAY HELP

Cockrell emerged defiant, however, with only criticism of the county officials for what he charged was mistreatment, a charge denied by Police Chief August Volmer of Berkeley and others. Today, however, the possibility of Cockrell's "peaching" was again suggested, this time by Captain Petersen.

"I think Cockrell will come through," he said this morning. "When he does there will be disclosures that will surprise the city. He is not the sort of man to face out alone. He will want company, all right."

Again today Cockrell declined to see anyone but his attorney, Phillip M. Carey, or to make any statement of his intention. Cockrell still is held at the county jail, Carey having been unable so far to secure the \$100,000 bonds which are fixed for his release.

Justice Attorney Decoto flatly denied today that he had considered the possibility of immunity for Cockrell as a reward for turning state's evidence. He would not approve anything, he declared, but punishment for all guilty parties.

"We have no whitewash pail in this office," said Decoto. "As to Cockrell, I am asking him no questions. As he has not yet sent for me, I presume he has nothing he wants to tell me."

Both District Attorney Decoto and Sheriff Frank Barnett stated today that arrests have been made on all of the indictments that the grand jury has so far returned. No indictments, they said, are held up pending the arrest of the accused persons. The former added that probably none would be returned before the date set for the reconvening of the grand jury, next Monday, as he did not consider it probable there would be an emergency sitting before that time.

"Of course, you cannot tell," he said, however. "It is always possible that a quick move might have to be made to prevent a miscarriage of justice, and we shall exercise due precaution."

GRAND JURY SITTING OF TODAY POSTPONED

Decoto and Foreman Claus Kroeger of the grand jury held an extensive conference last evening. At its conclusion neither would indicate what matters had been under consideration. It was after this conference, however, that Decoto announced the grand jury sitting arranged for today would not be held. It was explained that urgent haste was not imperative and that several members of the jury had matters of personal business that needed immediate attention.

Considerable interest has been aroused in the fact that Policeman Nightingale, held to be responsible in a measure for the institution of the probe, has not yet been called as a witness before the grand jury. It was on April 24 that Captain Petersen made the statement that Nightingale had told him of receiving \$7.50 a month from each of several gambling houses. Petersen said Nightingale made various other admissions not involving himself, such as that the total graft had amounted to \$10,000 a month, and that whereas formerly the money had been collected, it was later paid over at the chief's office and at Neederman's own orders.

NIGHTINGALE'S DENIAL IS FACTOR IN CASE

That he had made any such statement to Captain Petersen was denied, orally and in writing, by Nightingale. That the grand jury would ultimately be called upon to determine on which side the truth lay was one of the foregoing conclusions when the investigation started. To this time, however, Nightingale's name has not ostensibly entered into the jury's deliberations.

One other earlier phase of police department methods which is expected to come before the grand jury is suggested in a report which Lieutenant of Police William F. Woods made to Captain Petersen on April 25. Lieutenant Woods declared that his work in investigation of crime reports had on several occasions met serious interference. He attributed this to "higher-ups." Especially in his investigations of redlight traffic in this city, he said, had his work been hindered by "higher-ups" orders.

Lieutenant Woods already has appeared before the grand jury during the present probe, but whether he gave testimony on this phase of the question has not been divulged.

What the other sources were he did not care to say. Suggestions that women of the underworld could buy immunity in this city are held to be subjects of the supplementary probe by the grand jury. This Decoto would not confirm.

That "white lotteries" and vice in West Oakland are among these other matters under probe was never probable today. Part of this question was thrashed out in a message in the hearing which was conducted by Commissioner F. F. Morse, City Attorney Hagan and others. A number of policemen who were or had been in the West Oakland district were called in as witnesses at that time.

MORSE INVESTIGATION NOT MADE PUBLIC

The transcript of that hearing District Attorney Decoto declined to make public today. It was the property of Commissioner Morse, he said. He added that its being withheld was not any particular loss to the people at large.

"There is nothing in it that would be of any interest," he said.

From the moment at which the indictment against Cockrell was returned there have been continuous hints that an effort was to be made to persuade him to testify in the state's defense and become the Orville McDaniel of the local graft trials. When Cockrell was kept, as he charges, incommunicado for two days in the Berkeley jail, it was supposed that the extended period was to permit thorough examination of the accused man.

PETERSEN THINKS COCKRELL MAY HELP

Cockrell emerged defiant, however, with only criticism of the county officials for what he charged was mistreatment, a charge denied by Police Chief August Volmer of Berkeley and others. Today, however, the possibility of Cockrell's "peaching" was again suggested, this time by Captain Petersen.

"I think Cockrell will come through," he said this morning. "When he does there will be disclosures that will surprise the city. He is not the sort of man to face out alone. He will want company, all right."

Again today Cockrell declined to see anyone but his attorney, Phillip M. Carey, or to make any statement of his intention. Cockrell still is held at the county jail, Carey having been unable so far to secure the \$100,000 bonds which are fixed for his release.

Justice Attorney Decoto flatly denied today that he had considered the possibility of immunity for Cockrell as a reward for turning state's evidence. He would not approve anything, he declared, but punishment for all guilty parties.

"We have no whitewash pail in this office," said Decoto. "As to Cockrell, I am asking him no questions. As he has not yet sent for me, I presume he has nothing he wants to tell me."

Both District Attorney Decoto and Sheriff Frank Barnett stated today that arrests have been made on all of the indictments that the grand jury has so far returned. No indictments, they said, are held up pending the arrest of the accused persons. The former added that probably none would be returned before the date set for the reconvening of the grand jury, next Monday, as he did not consider it probable there would be an emergency sitting before that time.

"Of course, you cannot tell," he said, however. "It is always possible that a quick move might have to be made to prevent a miscarriage of justice, and we shall exercise due precaution."

GRAND JURY SITTING OF TODAY POSTPONED

Decoto and Foreman Claus Kroeger of the grand jury held an extensive conference last evening. At its conclusion neither would indicate what matters had been under consideration. It was after this conference, however, that Decoto announced the grand jury sitting arranged for today would not be held. It was explained that urgent haste was not imperative and that several members of the jury had matters of personal business that needed immediate attention.

Considerable interest has been aroused in the fact that Policeman Nightingale, held to be responsible in a measure for the institution of the probe, has not yet been called as a witness before the grand jury. It was on April 24 that Captain Petersen made the statement that Nightingale had told him of receiving \$7.50 a month from each of several gambling houses. Petersen said Nightingale made various other admissions not involving himself, such as that the total graft had amounted to \$10,000 a month, and that whereas formerly the money had been collected, it was later paid over at the chief's office and at Neederman's own orders.

NIGHTINGALE'S DENIAL IS FACTOR IN CASE

That he had made any such statement to Captain Petersen was denied, orally and in writing, by Nightingale. That the grand jury would ultimately be called upon to determine on which side the truth lay was one of the foregoing conclusions when the investigation started. To this time, however, Nightingale's name has not ostensibly entered into the jury's deliberations.

One other earlier phase of police department methods which is expected to come before the grand jury is suggested in a report which Lieutenant of Police William F. Woods made to Captain Petersen on April 25. Lieutenant Woods declared that his work in investigation of crime reports had on several occasions met serious interference. He attributed this to "higher-ups." Especially in his investigations of redlight traffic in this city, he said, had his work been hindered by "higher-ups" orders.

Lieutenant Woods already has appeared before the grand jury during the present probe, but whether he gave testimony on this phase of the question has not been divulged.

connection with the graft charges, returns tonight for duty, after having been on a vacation, the chief will refuse to let him go on duty. "While nothing has been proved, of course," said Chief Lynch, "I deem it best for the department and for Corporal O'Neill that he do not return to duty at this time."

Commissioner Morse has taken no action in the case of O'Neill.

Preston is Scored by Club Directors

BY UNITED PRESS
SAN FRANCISCO, May 16.—A resolution adopted today by the board of directors of the San Francisco Newspaper Men's Club, scored John W. Preston, former United States district attorney and assistant to the attorney general, for his alleged "insidious campaign" against newspaper men who would not "truckle to nor be coerced by" him. The resolution declared that while Preston was in power as United States district attorney he organized and waged a campaign of persecution against newspaper men "who would not prostitute their profession in the interest of his political ambitions."

'No Medicine in 4 Years-Internal Baths'

Mr. A. Casade writes Dr. Chas. A. Terrell of New York as follows: "I must admit that the use of the J. B. L. Casade has cured my chronic constipation from which I suffered since May 12, 1913. I have never even tasted any kind of patent medicine or purgative. My health is excellent in every respect."

Over half a million bright, keen, intelligent Americans have found that internal bathing is more essential to their health than external baths.

Have found that used occasionally at the next morning. No more of that bilious, irritable, nervous feeling, but have by Nature's own cleanser—autolytic warm water—removed all the poisonous waste from the lower intestine, they awake thoroughly refreshed by normal sleep, with all their functions acting properly, clear headed, happy and confident, eager and capable for the duties of the day.

Why not learn more about this rapidly growing and natural practice? Write "J. B. L. Casade" is produced by Chas. A. Terrell, M. D. of New York, who is a specialist on internal baths, and it is now being shown and explained by The Owl Drug Co., who will give you free on request an interesting booklet on the subject called "Why Not?" NOTED PAINTINGS WILL BE SHOWN

Through the efforts of Charles Templeton Crocker, who brought out the Zuloaga exhibition which was shown with such success in the Palace of Fine Arts last year, San Francisco is about to enjoy another artistic treat in the comprehensive "one-man" exhibition of the celebrated Russian painter, Boris Anisfeld, whose work is even more startlingly original and colorful than that of the great Sappard who set the town talking last year.

The Anisfeld exhibition will open to the public in the Palace of Fine Arts tomorrow at 2 o'clock. The collection comprises 130-odd exhibits which will be installed in five of the large galleries of the museum, which Director Laurvik is having especially prepared for this exhibition.

Decidedly modern in its tendencies, the

work of Boris Anisfeld created a veritable artistic sensation in the foremost Eastern art centers, where it has recently shown. The collection comes from the Art Institute of Chicago, where it attracted even more attention and was visited by a larger number of people than the Zuloaga exhibition. The curious intermingling of Slavic orientalism and French modernism has made this collection the subject of lively and widespread discussion wherever it has been shown.

Yosemite Attracts Large Crowds Early

YOSEMITE, May 16—May Day this year was a record-breaker for the National Park in the number of visitors. Motorists already are arriving in numbers and officials of the Park Service are predicting the biggest year in the history of the park. Many improvements have been made for the care and comfort of visitors. Roads and trails rapidly are being conditioned, many of these already being available for travel.

YES, THEY'RE SO LOVELY, BUT HE MUST PAY BILL

SAN FRANCISCO, May 16.—"Hoses, roses, roses bring dreams of you," sings Laurence A. MacBride, broker, who recently lost a divorce suit to his wife, Mrs. May C. MacBride, and then won a \$10,000 suit in which Miss Halcyo Nestor, dancer at Techau Tavern, alleged assault.

The reason roses bring dreams of them is because he had to pay the bill. Today judgment was given against him, for \$154 in favor of the MacBrides-McLaren company, forcing by Justice of the Peace Conlan. The bill totaled \$204, on which \$150 had been paid and was contracted by MacBride during the last seven months before his wife secured the decree of divorce, along with a \$10,000 alimony judgment.

The itemized bill for flowers, which were sent to Mrs. MacBride and Miss Nestor, and to Mrs. Dorothy Lee and Miss Phoebe Brown, also of Techau Tavern, included on bills at \$1 each, 12 bunches of roses, roses in great bunches and baskets full of other flowers, at \$7.50 and \$10 a basket.

HEADLIGHT TEST UNDER NEW LAW

SACRAMENTO, Cal., May 16.—The new motor vehicle law is about to put a lot of motorists' money in circulation in California.

The headlight regulations are very strict, and most cars will require some attention to make them meet the requirements, according to J. J. Tehan, superintendent of the state motor vehicle department.

This, he declares, will give the ingenious person an opportunity to save money by his own car, or make money for his neighbors. The department of electrical engineering of the University of California will act as testing agency for headlight and signal devices that are manufactured and sold in this state.

Examinations are to be held at early dates, to have all tests completed and certificates of approval ready for issuance on July 22.

Gray is Appointed Deputy City Attorney

Assemblyman Leon E. Gray was today appointed deputy city attorney by City Attorney H. L. Hagan, in the place of Deputy Henry Tard, who is retiring to private practice. Gray will begin his official duties at once, and although he expects to be occupied principally with the city business he will maintain his private practice, built up during the past five years. He has had offices with Senator Frank M. Carr in the Security Bank building. As a member of the last legislature Gray introduced the city's bill calling for the acquisition of the waterfront rights from the state, which was pigeon-holed in the Senate committee.

Gray was born and raised in Oakland and was graduated from the University of California in 1906. Until six years ago he followed his career as a newspaperman, before beginning the practice of the law.

Preston Commended for His War Work

SAN FRANCISCO, May 16.—Following his retirement from the office of special assistant to the United States attorney general, which he has held in connection with war work since July 25, 1918, John W. Preston is today in receipt of a letter of appreciation of his services from the judges of the United States courts and from many attorneys and others with whom he has had dealings. He has opened an office in the Hotel building.

Preston was United States attorney for four years prior to his appointment as special assistant. He resigned as United States attorney on the day of his appointment as special assistant in charge of the war work of the department.

METAL WORKERS IN WAGE DISCUSSION

The Pacific Coast Metal Trades Council, which began its annual convention here May 7, today continued its discussion of the details of the proposed agreement to take the place of the Macy award agreement. Until the council has definitely decided upon the provisions regarding working conditions and wages which it will demand be incorporated in the new agreement, nothing will be given out for publication by the press committee of the council.

No date has yet been set for the conference between representatives of the men and the employers which is planned for the week and which is postponed to allow the shipbuilders to attend a conference with Chairman Hurley of the United States Shipping Board in Washington regarding the threatened cancellation of ship contracts now held by Pacific Coast concerns.

CLOSE BANK AFTER ONE DAY BUSINESS

BERKELEY, May 16.—Holding the record of being the only "one-day" banking institution in the United States the College Bank of Berkeley has suspended business permanently and will pay back its stockholders.

This was learned today following information coming from Charles E. Stern, state superintendent of banks, who declared that, after consultation with him, officials of the new bank had agreed to withdraw their request for a state charter.

Stern refused to state in definite terms what had been his advice to the bank, but the personnel of the board of directors is believed to have been unsatisfactory to the state banking officials. According to President B. H. Lipp of the "one-day" bank, Stern declared that there was no room in Berkeley for a new financial institution of its kind.

The College Bank, located at Ad-dison street and Shattuck avenue, did business for but one day, when irregularities were discovered in its articles of incorporation. The bank's doors were closed and depositors paid several hundred thousand dollars in stockholders' funds will now be paid back to the subscribers.

U. C. PROFESSOR TO QUIT POST

BERKELEY, May 16.—Professor Gilbert C. Chinnard, head of the French department at the University of California, has been called to Johns Hopkins University, where he will assume his new duties in September. Announcement of Professor Chinnard's resignation and his new appointment has just been made from the office of President Benjamin Ide Wheeler.

Professor Chinnard has been a member of the State university faculty for the past seven years and is the author of several books and a lecturer of note. His duties at Johns Hopkins in addition to instruction in French will include a course in historical relations between France and the United States, upon which subject Professor Chinnard expects to do much research work in the national capital.

Before going to Johns Hopkins, Professor Chinnard will teach at the summer school at Columbia University as a professor of French. He will leave Berkeley late next month.

14th Division Plans Entertainment

VALLEJO, May 16.—Next Wednesday evening the officers and enlisted men of the 14th submarine division, which consists of the "L" type of subs and the tender Beaver, will give a big entertainment, dinner and dance at the Fairmont hotel in San Francisco. Lieutenant J. P. Copp, naval dental corps, and Ensign E. Scribner, both attached to the Beaver, are in charge of the arrangements.

Over 500 enlisted men and their friends will be present while invitations have been sent to Admiral Jos. Jayne, Captain Edward L. Beach, and other naval officers on the coast. The Beaver band of thirty pieces will furnish music for the dancing and it is understood that Commander Logan of the U. S. S. Beaver and his wife will lead the grand march.

A special Monticello steamer has been chartered to take the enlisted men to San Francisco for the occasion.

Finds Wife Dead; Held by the Police

CHICAGO, May 16.—Frederick R. Jones, traveling salesman for a Buffalo, N. Y., printing house, is held by police here today following the murder of his wife, Mrs. Mabelle Jones.

Jones, returning from a brief trip late yesterday, found the nude body of his wife in their apartment. There was a deep cut on the back of the head. A coroner's inquiry showed the woman had been dead at least forty-eight hours. Jones said he returned home unexpectedly about a week ago and that "an argument with my wife" followed.

After preliminary inquiry by detectives, Jones was ordered held by the police.

Navy Yard Apprentice Age Limits Extended

VALLEJO, May 16.—Authority was received at Mare Island Thursday by the board of labor from the United States civil service commission to enroll youths from 16 to 19 years of age for apprenticeship positions at the local station. Heretofore boys from 16 to 18 years were the only eligibles to take the apprenticeship tests. It is stated that there are a number of vacancies to be filled, and that those who wish to go to work at the island should register at the board of labor this month.

Commander at Mare Island to Be Retired

VALLEJO, May 16.—Captain M. L. Miller was notified from retirement at the commencement of the war to command the Mare Island Naval Training Station, will be relieved June 15 by Captain Hugo W. Osterhaus, according to orders received today from Washington. Captain Miller will return to retirement.

Captain Osterhaus, now in command of the transport Antione in Atlantic waters, formerly was stationed at Mare Island.

CUTICURA HEALS PIMPLES ON BABY

On Face, Arms, Legs and Head.
Tied in Blankets 7 Months.

"When baby was two months old she broke out on her face with little pimples. Then she broke out on her little arms and legs, and even over her head. I had her tied in blankets from September to the middle of April to keep her from scratching. I was told about Cuticura Soap and Ointment and I sent for a sample. I bought more, and in eighteen days she was healed." (Signed) Mr. and Mrs. John Chervenell, 1012 Normandie St., Spokane, Wash., Aug. 13, 1918.

For every purpose of the toilet Cuticura Soap, Ointment and Talcum are supreme.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain
—How to Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well. Not needed in such cases and may do real harm. Try having aside all digestive aids and instead get from your diet a few ounces of saturated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This gives the stomach, prevents the formation of gas, ceases acid and there is no sourness, gas or pain. It is the most efficient form of harmless to the stomach, inexpensive to take and is the most efficient form of medicine for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advertisement.

CALIFORNIA'S HISTORY WILL BE PORTRAYED

STANFORD UNIVERSITY, May 16.—Epochal scenes of the early days in California are to be presented in the historical pageant "Service," to be given here on June 14, plans for which were made public today. The pageant is one of the events of Memorial Week, in honor of Stanford students and faculty members returning from the war.

The production is under the auspices of the Stanford English Club and was written by that organization. Many of the suggestions came from Charles K. Field '95, editor of the Sunset Magazine. Interest in early California history will be stimulated by the first episode, which deals with the coming of Portola and the establishment of the mission fathers under Junipero Serra. The brief attempt of Peter Cortes, the "mysterious Frenchman," to found an estate on the European plan in the Santa Clara valley is depicted, as are the events leading to the founding of the university by Senator Stanford. "College life" will be the main theme of the second episode which aims to represent the traditions and customs of the old Stanford undergraduate life as well as the more serious phases of academic work. The climax of the pageant is in the third episode, which relates the call of war service to the college men, and their leaving the care-free life of the university to enlist in the crusade for civilization. The finale shows their return and the victory will be very close to the reality, as the reunion of Stanford alumni returned from war service will be in progress at the time the pageant is given.

Present plans for the pageant call for its production on the north terrace of the Stanford quadrangle at night, red fire furnishing the greater part of the illumination. The cast of several hundred will be composed principally of Stanford students.

GOVERNOR SIGNS STATE BANK ACT

SACRAMENTO, May 16.—Governor Stephens has signed Senate Bill No. 745 known as the Bank Act, which provides the machinery whereby State banks can join the Federal reserve system and also profit from the new foreign trade situation that has followed the war. The act will join the Federal reserve system to a member bank, still within the jurisdiction and control of the State bank superintendent for exercise of all rights and privileges of State member banks while in the Federal reserve system and for the general acceptance of the theory of the Federal reserve system as its practical application as expressed in the form of securities in which a member bank may invest. Under the provisions of the act any California bank with a capital and surplus of \$1,000,000 or more may establish foreign branches or branches in the dependencies or insular possessions of the United States for the furtherance of the foreign commerce of this State and the United States. The act also will enable State banks to lend commercial paper to a greater extent and will give them the opportunity to become national banks if they desire.

Other bills signed by the Governor were: Senate Bill 446—Amends workmen's compensation act providing for the protection of compensation insurance policies against the default or insolvency of insurance carriers issuing such policies by requiring the carriers to provide security for the payment of compensation.

Assembly Bill 311—Relating to the deposit of securities by insurance companies.

Senate Bill 378—Gives material men a lien on improvement district bonds.

Senate Bill 498—Authorizes board of managers of the Napa State Hospital to grant a right of way to San Francisco, Napa and Calistoga Railway over State land.

The War Department has now approved a "Victory button" to be issued to all men who served during the war. This button is of silver for those wounded in action and bronze for all others. It consists of a five-pointed star surrounded by a wreath, with the letters "U. S." in the center.

These buttons are to be distributed by Army recruiting offices. In order to obtain one it will be necessary for an applicant to present or mail his original discharge certificate to the Army recruiting officer, San Francisco recruiting district, 660 Market street, San Francisco.

Colonel John H. Gardner, who is in command of the San Francisco recruiting district, announced that he will receive a shipment of fifty silver buttons on or about May 21. The bronze buttons will arrive a month later.

First Chinese to Practice Law Here

SAN FRANCISCO, May 16.—C. C. Wing, attorney-at-law, the first Chinese to be admitted to practice in California, today hung out his "shingle" in the Bank of Italy building, and is being introduced in all the courts by Timothy Healy, who has been his friend during his years of preparation. Wing, who is known to Americans, and just plain "Chan," as the Chinese know him, is the son of Chan Wah Jack, merchant of Napa, and a relative of Wu Ting Fang, former Chinese ambassador to the United States. He graduated from the Napa high school and studied law at the University of California. He is 29 years old.

CARDS ARE OUT FOR TEA

An elaborate tea is to be given Tuesday afternoon at the home of Mrs. R. H. Bennett on Etna street. The hostesses to be Miss Katherine Bennett and Miss Julia Bennett.

Nearly 200 invitations have been extended for the afternoon, while a group of the younger girls will be in the receiving line.

Miss Elizabeth Moore will entertain with a dancing party tomorrow evening at the home of her parents, Mr. and Mrs. Walton Kerkwood, in Crocker Highlands, when a score or more of the school set will be guests.

Worth Evans, curator of the Oakland Art Gallery, has gone to his home in the high Sierras for a few months' stay and during his absence his place will be filled by W. H. Clapp. A number of interesting paintings and photographs of the General Grant National park are being shown at the gallery.

BRIDGE AND SUPPER PARTY

Mr. and Mrs. Howard Hamilton Hart are to entertain their friends this evening at a bridge and dancing party after which an elaborate supper will be served.

Lieutenant-Commander and Mrs. Alexander N. Mitchell of Alameda, have taken apartments in Berkeley, where they will spend the summer. Mrs. Mitchell is a sister of Mrs. George E. Perkins.

At her home in Claremont tomorrow Mrs. Robert Gould Smith will entertain a coterie of her niece's friends at luncheon. Miss Margaret Noble, in whose honor the affair is planned, was a member of the graduating class today. Of Miss Head's Others sharing her hospitality were Miss Edith High, Miss Sally Robbins, Miss Vera Bernhard, Miss Dorothy Randolph and Miss Marian Dallam.

BAKERS TO GO TO SUMMER HOME

News of the illness of Miss Raymond Baker, who has been at the Woman's hospital in New York, has reached East Bay friends. She is now able to return to her apartments at the Plaza in New York and later with Mr. Baker will go to their country place at Lenox.

Mrs. J. T. Morris of Alameda and her daughter, Mrs. Genevieve Morris, will leave the first of the week for Wright's, to spend a fortnight in the Santa Cruz mountains.

At the Fairmont hotel Mrs. Wilford Ferguson will entertain at tea this afternoon of May 22, when the guests of honor will be Mrs. Frank Macdonald O'Brien and Mrs. Frank Lee. Both are brides of the season and will be the inspiration for many pretty affairs.

Harvard Students Against "Mothering"

BOSTON, Mass., May 16.—Harvard students object to being "mothered" and do not want institutions set up in Cambridge where they "may satisfy a hankering for fudge or have buttons sewed on," according to an editorial in the Harvard Crimson condemning the Boston house that some Cambridge women have planned for them.

The Crimson protests that while such an institution helps young men in army life, it is out of place among civilians attending school.

Butte Farm Picnic Program is Extensive

CHICO, May 16.—A patriotic address by Governor William D. Stephens, a fifteen-minute lecture on "The Place of the Farm Bureau in County Affairs," by D. H. Crochran, state leader of farm advisers, and an interesting talk by Captain Arthur Wilson of Oroville, on "The Soldier's Duties," will be the featured program at the Butte County Farm Bureau picnic at the State Land Colony at Durham next Saturday.

MISS CORNELIA VAN ASCH VAN WYCK, daughter of Baron and Baroness Van Asch Van Wyck of Holland, and a member of the graduating class of the Anna Head School in Berkeley, this afternoon. She will leave soon for New York to join her father when the two will sail for their home in Holland.—Webster Photo for Keystone Pictorial Service.

ROAD SEEKS TO ABANDON ITS LOSING BRANCH

SAN FRANCISCO, May 16.—Because it averages one passenger to every six trips, the San Jose Railroad yesterday asked the Railroad Commission to authorize the abandonment of one of its branches known as the Linda Vista-Troyon line.

The company claims that there have been days when not a single passenger has been carried. The franchise has seven years still to run, but the company wants to pull up the rails now.

A financial statement accompanying the application shows that the cost of operation is \$3.36 a day, of which \$6 goes to the men who operate the one-man car. The receipts have averaged 57 cents a day, making the net loss \$8.79 a day.

State College Will Plant Memorial Trees

WASHINGTON, May 16.—Penn State College will plant sixty memorial trees in honor of students and former students, says a report to the American Forestry Association which is sponsoring all memorial trees in a national honor roll.

ONCE GRAY HAired NOT ALWAYS SO

—No longer is it necessary for men or women to be held back on account of gray hair. The business world takes keen notice of gray hair nowadays—but why worry, when it can be easily restored to its natural color with the wonderful Co-Lo Hair Restorer?

—A scientific process discovered by Prof. John H. Austin, of Chicago, for developing the natural color of the hair in a similar manner to that of developing the photographic negative. It is positively the only satisfactory and lasting treatment for restoring color to the hair in a mild, healthful manner.

—Co-Lo Hair Restorer is absolutely harmless and will not injure either the hair or scalp; is not a dye, contains no lead or sulphur; has no sediment and is as clear as water—a pleasing and simple remedy to apply. It will not wash or rub off.

—Co-Lo Hair Restorer comes in—A6—for Black and all Dark Shades of Brown.

—A7—Extra Strong for Jet Black hair only.

—A8—for all Medium Brown Shades.

—A9—for all very Light Brown, Gray and Auburn Shades.

Co-Lo is on sale in all Owl Drug Stores.—Advertisement.

German U-Boat No Joy Ride, Says Sailor

WOODLAND, May 16.—Word was received here yesterday from Ed McClelland of this city, announcing that he was in a late hospital in New York, partially recovered from injuries received while a passenger on a surrendered German submarine. "I thought I had seen war and its horrors, but life in a U-boat is next to death. I broke a bone of my left leg in being bounced about in the howling sea in a 22-day storm. I never again want a similar experience either for country or self," writes the young soldier to his parents, Mr. and Mrs. J. McClelland of this place. He will be in the hospital some weeks longer.

Marysville to Seek Farm for Women

MARYSVILLE, May 16.—Discussion of starting a campaign to make Marysville the site of the proposed state farm for delinquent women, erection of a new bridge to connect \$6000 on the Marysville-Strawberry Valley road; the appointment of a committee to arrange for representatives of the chamber to attend the Nicolaus bridge celebration and the state colony picnic at Durham and the good roads meeting at Quincy, Saturday, were the outstanding features of the Chamber of Commerce luncheon here.

FAKE ASPIRIN WAS TALCUM

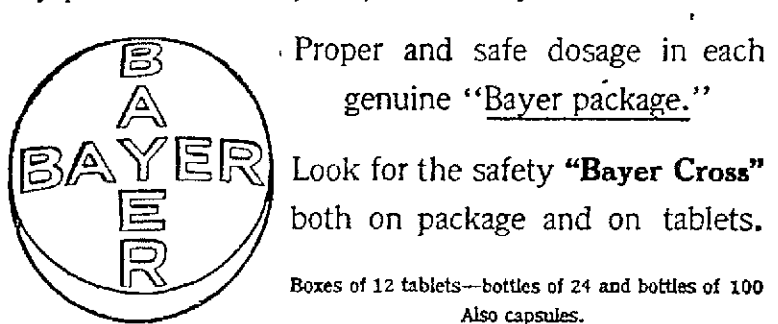

I want "Bayer Tablets of Aspirin" with the "Bayer Cross"—Genuine!—Safe!

"You can't hand me any substitute for the true, genuine 'Bayer Tablets of Aspirin'—proved safe by millions!"

"Man alive! Haven't you heard? A Brooklyn fraud is in jail for flooding the country with millions of counterfeit tablets. He labeled them 'Aspirin,' but they were 'talcum powder.'"

Be sure your druggist gives you "Bayer Tablets of Aspirin" in a Bayer package—not in a pill box. Take them as directed, without fear, for headache, rheumatism, lumbago, neuralgia, earache, toothache, neuritis, colds, grippe, influenza colds, or almost any pain or ache in face, neck, limbs or body.

Aspirin is the trade mark of Bayer Manufacture of Monaceticacidester of Salicylicacid

HOMEOPATHS WILL WATCH LAW-MAKERS

SAN JOSE, May 16.—"We will either have to watch state legislation more closely or get out and hunt new jobs," declared Dr. James B. Ward of San Francisco, chairman of the legislative committee, before the forty-third annual convention of the California State Homeopathic Medical Society, in session here. Contributions of \$10 a member were asked to create a fund for educational work when adverse legislation is before the state legislature.

A resolution asking that the Homeopathic Society be represented on the State Board of Health was wired Governor Stephens today by the society, which is winding up the business of a three-day convention here this afternoon.

A banquet last evening at the Country Club concluded the second day's program of the convention. Dr. William Simpson, county health officer here, was chairman of the committee of entertainment and presided as chairman of the evening session, during which the addresses of an informal nature were delivered by Dr. L. P. Crutcher of Long Beach; Dr. S. Anson Hill, professor of materia medica of the affiliated colleges, University of California, and several others.

Six bureau sessions were held yesterday morning and afternoon, beginning with the bureau of public health session. During this session Lieutenant M. A. Frasco of San Francisco, who had charge of the army camp on Angel Island during the war, read a paper ably outlining the methods adopted in camp sanitation. Enlightening and instructive because of its clear presentation of facts and statistics was the paper read by Dr. Guy E. Manning, member of the San Francisco Board of Health, telling of the experiences of that board in dealing with prostitutes. Dr. L. K. Van Allen of Ukiah presented an able paper on "The Place of the Homeopath in Public Health."

The bureau of anatomy, physiology and pathology session opened with a paper on "Anatomy of the Pelvis," by Dr. J. C. Citron of Los Angeles. "Influenza Pneumonia With Post-Mortem Findings" was dealt with in a paper presented by Dr. Joseph Visalli of San Francisco with the findings at Coast Island naval station as the basis for the statistics given.

The session of the bureau of materia medica and homeopathy opened with a paper on "Etiology and Homeopathic Therapeutics of Hiccoughs," by Dr. L. C. Woodbury of San Francisco. An interesting paper on "A Study in Drug Action" was given by Dr. J. S. Brooks, assistant professor in the University of California Medical College.

Hay Sale Frauds Are Alleged in Accusation

PHOENIX, Ariz., May 16.—An alleged conspiracy to defraud the government by false grading and weighing of hay sold to eighteen army posts in the southwest, involving, it is said, shipments of from 6000 to 7000 tons monthly, with alleged illegal profits of from \$2 to \$5 per ton, has been uncovered here. The indictment of justice officials, following the arrests Tuesday of Alfred J. Peters, prominent hay dealer of Tempe, and J. N. Jagers, federal hay inspector for Maricopa county.

Mrs. Sanford's MESSAGE TO WORKING WOMEN

Laurel, Miss.—"Eight years ago I was suffering with pains and weakness caused by a female trouble. I had headaches, chills and fevers, and was unable to do my work part of the time. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took twelve bottles of it, and my health has been good ever since. I am able to run the machine and do dressmaking besides my housework. You are all helped to publish my letter if it will help some poor suffering woman."—Mrs. J. C. Sanford, 1237 Second Ave., Laurel, Miss.

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Sanford, or suffering from displacements, irregularities, inflammation, ulceration, backache, sideache, headache, nervousness, or the blues.

Such women should profit by Mrs. Sanford's experience and try this Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their long experience is at your service.

Woman Finds Remedy Worth Fabulous Fortune

"I wouldn't take a million dollars for the good Mrs. May's Wonderful Remedy has done for me. I have finished the course and can say I am entirely cured of very severe indigestion, bloating and colic attacks. I suffered for many years from a simple, harmless preparation that removes the tartaric mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Germans Answer U. S. Letters Dated 1914

TRERES, May 16.—To illustrate the German attitude toward the war as a mere artificial interruption of trade relations the following incident is cited by the chief American censor:

A German firm in the American occupied area writes to a firm in New York, enclosing the New York firm's letter of June 6, 1914, and begins in this manner—"In reply to yours of June 6, 1914, beg to state," etc."

At the American censor's office here, where all mail from the occupied zone is passed upon before being sent on its way to the entente countries, an average of two thousand letters a day written by Germans have been received with indications of a gradual increase during the next few days.

Cape Tossed Over Shoulder is Latest

PARIS, May 16.—The Spring has brought the cape back to women's fashions. The jacket and mantle of the winter modes are no more, and every chic Parisienne is now wearing the cape, which is thrown over the left shoulder and gives an air of grace and decision.

Fashion originators say they obtained the idea from the Italian officers attached to the peace delegation. The old-time military mantella confers a debonaire appearance on women, say the Paris beauties, besides having the much greater merit of throwing in a note of mystery. Hence great popularity is predicted for the new style.

Wirz Monument is Smeared; 2 Accused

AMERICAUS, Cal., May 16.—Blame for defacement of the monument at Andersonville, Ga., in honor of Major Henry E. Wirz, commandant of the Confederate prison at Andersonville during the Civil War, was laid by an investigating board at Southern Field here, to two soldiers now out of service and to Private McAnally, attached to Southern Field. The monument recently was painted in the German colors, black, red and yellow.

The discharged men blamed for the defacement by the board are Harold Lackey, an officer, and Myron E. Lackey, an enlisted man, both of whom were said to have come to California after release from

Kisses Wife; Court Case is Dismissed

PHILADELPHIA, Pa., May 16.—"Go over and kiss your wife and I'll let you go," said Magistrate McElroy in City Hall to Martin Quirk, who had been arrested on a charge by his wife, Sophia, of slandering her in the face several times and planting rights and lefts to the ribs. Quirk, blushing furiously, crossed the courtroom to where his wife was seated and gave her a loving kiss and embrace, while the crowd smiled. Mrs. Quirk asked permission to withdraw her charge.

Military service. Private McAnally was given a court-martial hearing late today.

Highway Association Will Hold Big Session

MARYSVILLE, May 16.—Representatives of the Sutter Butte-Tahoe to Ukiah Highway Association will be present at the highway boosting meeting to be held at Quincy, Plumas county, Saturday; it was announced by Secretary Charles H. Chace of the association, here. James K. O'Brien, president of the association, will deliver an address at the meeting. Both these officials declare Northern California counties will give big majorities in favor of the \$40,000,000 road bond issue which is to be voted upon July 1, for construction of highways throughout the State.

CRITICISING THE TREATIES.

When the peace treaties are submitted to the United States Senate for ratification there is certain to be a lot of debate of their merits and especially of the tactics of the peace commissioners in including in the treaty pacts the provision for the creation and the covenant of the League of Nations. There will be some opposition to the League of Nations and probably a deal of censure of the negotiators of the treaties for their sharp trick to fortify themselves against the several parliamentary bodies to which they are nominally responsible by including the League of Nations project in the much more important peace settlement.

This criticism will emanate from both of the large political parties in Congress, but comparatively little of it will be based in political motives. However, there is certain to be violent charges that unfavorable examinations of the peace treaties and the League of Nations pact are designed for political effect. But despite this unpleasant prospect a full disclosure of all the methods and influences that have been exhibited in the negotiations of the last five months should be made to the Senate before ratification is expected. There are some features about the proceedings that have raised serious doubt in the minds of thoughtful Americans as to whether the League of Nations will really mean a moral improvement in international relations. These doubts ought to be dispelled.

There is the case of China as an example. Germany's territorial rights in Shantung have been specifically transferred to Japan. Apparently the earlier pledges to preserve territorial integrity have been ignored in order to save Japanese cooperation in the League scheme. In plain words, China appears to have been sacrificed for the League of Nations. Such methods of compromise and expediency are not encouraging to those who had placed great hope in the efficacy of the League.

Other decisions of the peace commissioners under the auspices of the League of Nations covenant have been frankly dictated by secret arrangement made during the war. Again we find an interesting example in the Pacific area. The Tribune commented a few days ago on the fact that the agreement to give Japan the mandatory over all former German possessions in the Pacific north of the Equator signified the conveyance to Japanese sovereignty of the Caroline and Ladrone Islands, a development which was forecast in these columns over two years ago.

It is now disclosed that this decision of the peace conference coincides exactly with secret understandings entered into between Japan and the governments of Great Britain, France and Italy, respectively. Negotiations of these agreements were initiated by Viscount Motono, Japanese foreign minister, in February, 1917. It is significant that this move was made after the promulgation by Germany of the decree of indiscriminate submarine warfare and when it appeared inevitable that the United States must enter the conflict, after which it would be impossible for Japan longer to prevent China from entering the ranks of the belligerents.

The first overtures were made through the British ambassador at Tokyo, who was able to reply, on behalf of his government, to Viscount Motono, on February 16, 1917, with the assurance that Great Britain would support Japan's demand for the German possessions in the Pacific north of the Equator, upon the understanding that Japan would treat with similar friendliness Britain's claims to German territory south of the Equator. On February 28, 1917, the French ambassador at Tokyo entered into a like agreement for France, and an agreement to the same effect was subsequently effected by the Japanese ambassador at Rome at the Italian foreign office.

It is reported from Paris that President Wilson did not know of these secret agreements until he

proposed that the German Pacific islands should be disposed of by mandatories, when he was informed by Mr. David Lloyd George that an arrangement of a different character already had been agreed upon. Baron Makino, the Japanese plenipotentiary at Paris, then explained the secret agreements. Obviously this was a juncture in the peace conference not without some embarrassment. But all has been smoothed over by disposing of the League of Nations mandatories in conformity with the secret agreements sought and obtained by Japan after it became apparent that the United States and China were about to enter the war and thus win a seat at the peace table.

It may be altogether proper that Japan should have the German islands in the north Pacific. The United States does not want them; Germany has proved herself absolutely unfit to administer alien lands—her crimes in South Africa forever disqualify her to hold foreign colonies; Japan wants the islands. But such episodes as above recited affecting the application of the League of Nations' principles ought to be fully explained. Demands for an explanation will not necessarily have a partisan motive or temper.

AN IMPORTANT HIGHWAY.

The Yosemite Valley Highway Association has adopted a wholly practicable plan to finance the cost of the construction of a paved highway into the Yosemite from Merced to El Portal—a project which the association has promoted and is energetically behind.

Under this plan motorists and others interested will build the contemplated highway and present it to the State and the nation at large as a gift. The estimated cost of the highway will be \$1,700,000. Of this \$700,000 is available from State and federal sources, leaving \$1,000,000 to be obtained from unofficial sources. In order to raise this latter portion of the cost, motorists and others interested in the Yosemite are to be asked to purchase certificates which will cost \$5 each. Under an arrangement with the Department of the Interior, these certificates will be good for any one of several succeeding seasons for the admission of automobiles into the Yosemite valley. Thus the subscribers of the fund will get a real value from their investment in addition to the use of a short and easy route into the famous national park.

By building a paved highway from Merced to El Portal—a gap of 70.7 miles—motorists will be able to enter the valley without attaining an elevation of more than 2965 feet. This is below the snow line, which means that the Yosemite will be available to tourists the year round. At El Portal the new highway will connect with the road up the Merced River canyon, which is now used by the stage line in transferring tourists who go by rail to El Portal. Construction work on this scenic boulevard will be undertaken by the State Highway Commission as soon as the necessary funds are available.

It would mean much to California motorists and vacationists in general to have the great State highway system linked to the Yosemite National Park by so direct and accommodating a route as the Merced-El Portal highway would provide. The Yosemite wonderland, more beautiful in winter than at any other time, would be accessible the year round and thousands of tourists from all parts of the world would be added to the already large annual winter pilgrimage to California.

The plan deserves the most complete and cordial support it is possible to give.

The National Conference on Lynching has been in recent session in New York. Several methods of dealing with these summary outbursts were discussed. The main issue was whether State or federal measures should be relied on to eradicate this outlawry. One proposition is to make lynching a federal offense, the investigations and prosecutions to be in the hands of federal officials. Another is to enlarge the powers of State authorities, providing for State-wide juries. Local sympathies and intimidations operate against the punishment of lynchers. Few men, drafted on juries to try neighborhood offenders, like to incur life-long animosities by running counter to popular sentiment, even though it be in the wrong. The presence of Charles Evans Hughes in this conference indicates that earnest men have been called together to see what can be done to correct a national disgrace.

According to President Ebert, Germany loves the United States and for over four years has put her hope of leniency under the peace treaty in this country. And yet Germany murdered women and children of America on the Lusitania; she sent diplomatic criminals here to abuse our hospitality, agents to plant bombs in factories, where our women and children worked; she bombed hospitals in which wounded soldiers lay helpless and women nurses worked to alleviate their sufferings, on hospitals plainly marked with the sign of the Red Cross which Germany had promised to respect. She committed a hundred other infamies against American citizens. And still Herr Ebert says Germany has looked to the United States to save her from the mild-mannered ways of justice. Ebert may have been a good saddler, but as a liar he is gross and blundering.

The peace treaties compare with the war as to length, but they kill only hopes.

NOTES and COMMENT

The credentials of the German delegates to the peace conference were written on parchment and bound in red satin, and the document was enclosed in a case of watered silk with a gold band. Wonder what was the idea of all this frillsence?

A despatch from Constantinople contains the news that women show their faces on the streets, and that the removal of the time-honored veil "results in widespread laxity of morals." A striking illustration of the force of habit. Twenty-five years ago the woman-riding astride in this country shocked a majority of good people.

Rumania pipes up with a fact that may have been overlooked, which is that the peace terms put up to Germany are not as drastic as those which Germany imposed on Rumania. It is in order to realize what Germany would do if the situation was reversed, and, indeed, what it did when it had the opportunity.

Instead of sustaining a role in a boarding-house joke, the prune has assumed the highly dignified position of an expensive luxury. Its market price has suddenly increased 50 per cent.

The president of the National Conference of the Association cheers that division of the populace possessing a sweet tooth with the prediction that prices will remain high, due to the fact that wages won't come down and that raw material is going higher. This latter is something that it will be difficult to see the necessity of.

The despatch which states that there is a laugh going around in Washington over the announcement by Senator Johnson that under no circumstances would he permit Progressives to nominate him for president pro tem, of the Senate bears out a considerable failure in California to be impressed when the news arrived.

If we are disposed to wonder at the boldness and success of the bandit in this part of the country, he should take account of conditions up in Oregon, where the state Treasurer takes the money out of the vaults and hides it, having received a hunch that an onslaught had been planned.

It is interesting to read of San Francisco yearning for the removal of the camouflage from Lotta's Fountain. Some of the notices take occasion to admit that the naked structure is not what you might call artistic, but it is a friendly landmark and they want to see it again. Illustrating that artistry is not always necessary to appreciation.

We are now advised that the proletariat of Russia was misled through being told that under the beneficent rule of Bolshevism they could get money by merely asking for it. This would explain the orgy that has prevailed in Russia—a people so simple as to fall for such representations. That things are beginning to right themselves must be due to the fact that the proletariat is discovering that money must still be got in the old way.

Those off-hand prophets who have predicted the early waning of Mexican disorders and the elimination of rebel chieftains now have a chance to modify their predictions. After capturing and looting Parral, Villa has settled down in it as headquarters with an army of 3000.

Ebert is trying to lay it all on President Wilson. He says the Germans were "lulled" by the fourteen points. That the Germans should be lulled by anything is not accepted very largely, but it is just possible that it would have been better if the President had not come through with those non-official fourteen points. They afford the Germans a chance to cavil.

SPIRIT of the STATE PRESS.

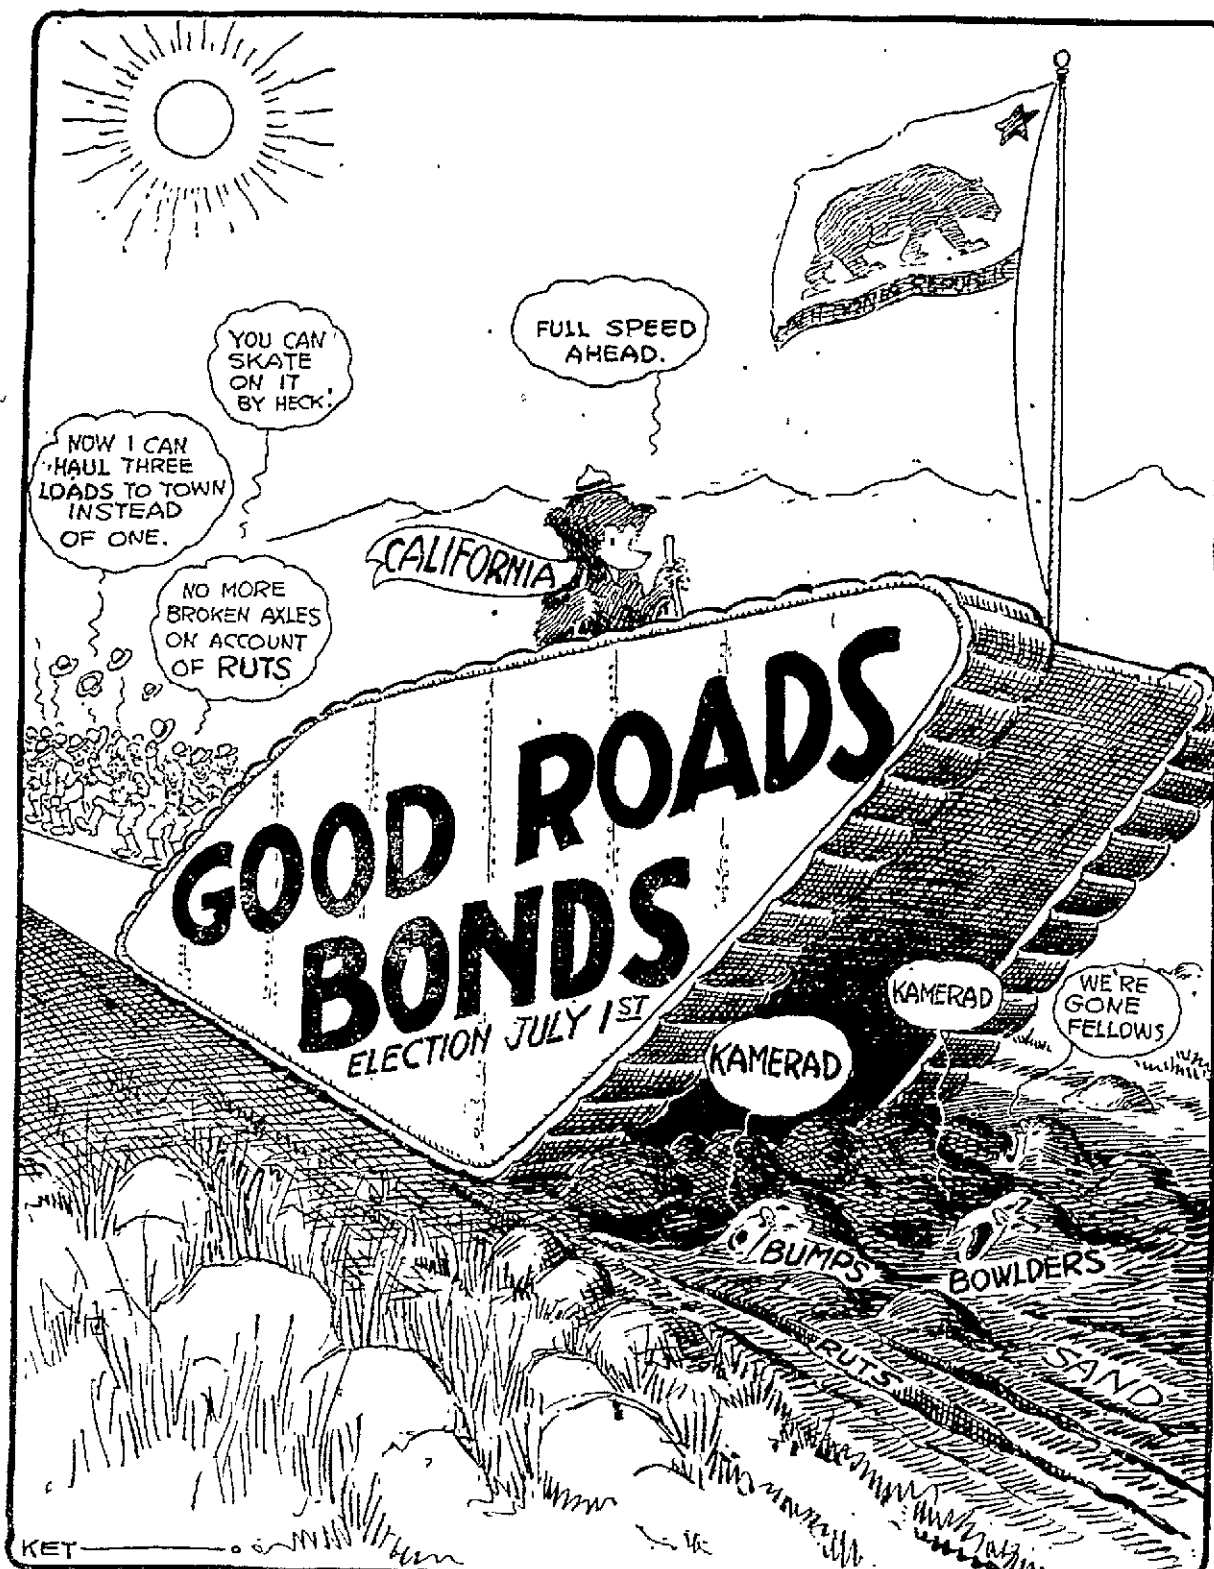

The people of Portland, Ore., have voted by a large majority to pay public school teachers better salaries. Here is another strong argument for the approval of certain legislation now before Governor Stephens. Oregonians and Californians have sentiments in common on many issues. In any case, they believe in giving every man and woman opportunity for a decent living.—Sacramento Union.

Work has been completed on the first channel of the Richmond inner harbor, and with twenty-four feet of water at low tide deep water vessels can now run up to the southern edge of the city at Ellis Landing. The American Dredging Company finished its contract for the dredging at a cost of \$200,000.—Richmond News.

The Japs are criticizing President Wilson because they didn't get all the concessions they wanted, and Senator Johnson is finding fault because they got more than he thinks they ought to have. Does the senator find his company congenial?—Woodland Democrat.

More than half the total quantity of sardines packed in the state of California for 1918 was put up at San Pedro. The value of the San Pedro pack was over six million dollars. No statement has been made of the amount that went into the fertilizer factories because the packers could not handle them. Nor is there any record kept of the amount of sardines used for bait by the abalone fisherman, or the amount of sardines destroyed in the vandalism and the poor methods many netmen use in taking them from Southern California waters. The sardine is a valuable asset to Southern California, and a little fish have about forty square miles of the amount of sardines which some market fishermen strenuously object to.—Catalina Islander.

TODAY 20 YEARS AGO.

Joaquin Miller, returned from the East, declares: "Oakland has too many rich people to the square inch. They all have the big head, which is the greatest affliction in California. It is always everywhere 'manana.' California is too much given to sitting on the fence and swapping jack straws with itself. God has done more for California than any other state and none has done so little for itself. The '49ers were all right, but their descendants—pah!"

NON-POLITICAL ALLIANCE FOR CLUBWOMEN

SAN DIEGO, May 16.—Militant suffragists lost their fight at the eighteenth annual convention of the California Federation of Women's Clubs at Coronado today.

The resolution providing for the affiliation of the Federation with the National League of Women Voters, as opposed to the militant suffragists and which received such ardent support yesterday from Mrs. Katherine Phillips Edson of Los Angeles, was opposed by Mrs. Vernon Rood, representative of the women's party and the militant element of that party, on the ground that it was partisan and political, and she asked permission to present the views of the women's party on the subject.

Mrs. Edson made immediate reply, declaring that the National League for Women Voters was non-partisan and non-political and of international interest, and the convention denied Mrs. Rood's request a unanimous resolution.

ELECTION TODAY.
Election of officers in the chief feature of the today's sessions of the eighteenth annual convention of the California Federation of Women's Clubs, meeting at Coronado. Balloting for officers to serve during the coming year was commenced at 9 o'clock this morning and continued until 2 o'clock this afternoon, when the polls closed and the count began.

For president, Mrs. Aaron Schloss of Berkeley, president of the Northern district, has no opponent. Chief interest in the election centers in the contest for vice-president-at-large between Mrs. Robert Garner of San Bernardino and Mrs. Madison B. Jones of Los Angeles, and that for vice-president between Mrs. W. B. Fitzgerald of Fresno and Mrs. W. E. Woodbridge of Berkeley.

As the result of a long caucus, at which the fight for the treasuryship was discussed, Mrs. W. A. Fitzgerald consented to run, and her name is being written in.

COMMITTEE REPORTS.
This morning's session was given over to the reading of reports from the various committees on revision and resolutions and standing committees. Chairmen reporting were Mrs. Seward Simons, emergency service; Mrs. L. J. Crane, C. C. Arnold, Indian welfare; Mrs. J. C. Hubert, war victory fund; Miss Nadine Crump spoke of university extension work.

CLOSING SESSION TOMORROW.
Tonight a brief session is scheduled, the feature of which will be the announcing of the vote for the various federation offices. The concluding session of the convention will be held tomorrow morning, when action will be taken on the various resolutions that have been submitted.

Past officers of the Federation who are members of the Down and Out Club held their banquet last night and elected officers as follows: President, Mrs. Robert Burnett; vice-president, Mrs. J. C. Lynch; treasurer, Miss Jennie McConnell; auditor, Mrs. C. C. Arnold.

Plans for a federal department of education, with a secretary of education in the cabinet, were favored by several speakers at yesterday afternoon's session. The topic was

Lucky Baldwin Estate Is in Court Daughter's Mentality in Question Bathing Girl Pictures to Cut Figure

Once again does the romantic figure of "Lucky" (E. J.) Baldwin stalk the California courts. Is Mrs. Clara Baldwin Stocker, 70 years old, the eldest daughter of the famous character, mentally incapacitated to administer her vast estate valued at \$2,000,000? Is Walter T. McGinley, her business manager, an artful and designing person? Has romantic fancy been a factor in the relationship between Mrs. Stocker and McGinley? The courts of Los Angeles will be called upon to decide these important questions, and to give a legal opinion on a series of certain photographs and picture postals which are alleged to prove that Mrs. Stocker is hopelessly incompetent. The case will be called in Judge Jives' court on May 22.

Albert E. Snyder, son of Mrs. Stocker and fruit commission man of San Francisco, has declared his mother mentally incompetent, and asks that a trust company be formed to handle the holdings which represent one-half of the famous Baldwin fortune. He is assisted in this by Attorney Edward Taylor of Alameda, R. H. Cross of San Francisco and the firm of Hunsaker, Britt & Edwards of Los Angeles.

BATHING GIRL PICTURES.
Mrs. Stocker was taken into court to prove that her mind and affairs are sound and to state her personal objections to the appointment of a guardian. McGinley promises that he can show that the Stocker estate is worth many more millions than when he took charge and that his administration has been a "cold blooded business affair." The stake is several millions of dollars' worth of holdings and property, which is situated in Alameda, San Francisco and Los Angeles counties.

While Mrs. Stocker visited eastern and California watering places she procured her photograph to be taken with her business manager in a series of startling poses. These, it is promised, will form a part of the plaintiffs' testimony. A bathing girl in a moon maiden's reproduction are said to figure in the series.

McGinley and Mrs. Stocker have known each other for a quarter century. Following a loss of \$200,000 in jewelry at the Palace hotel in San Francisco, their friendship was renewed. After police and detectives had failed to find the trinkets, McGinley claims he discovered them, whereupon he was paid two hours. Following the incident Mrs. Stocker signed a contract with him to serve as her business manager at a salary of \$25,000 a year for five years.

McGinley's TITLE ATTACKED.
Property in the Montebello district, a part of the old Baldwin estate, was deeded by Mrs. Stocker to McGinley, valued at excess of \$1,000,000. McGinley claims that the land was given in consideration of his services as manager. Later oil was discovered on the property. In the petition filed by Snyder, McGinley is named as "having obtained the transfer of this property without consideration."

When Lucky Baldwin died, his vast estate was divided between Mrs. Stocker and her half sister, Anita Baldwin, wife of Hurl McLaughry of Berkeley, whose divorce case and legal fight for the custody of her children in the San Francisco courts created a sensation.

LAND LEASED FOR OIL WELLS.
Recently 5000 acres of the Cleveaga ranch, located southwest of Los Angeles, contiguous to rich oil fields, were leased by Mrs. Stocker and Mrs. McLaughry to the Standard Oil company for the purpose of drilling for oil at a figure of \$160,000 and a guarantee that they receive one-sixth royalty if oil is discovered.

Mrs. Stocker was victor in a suit by which the Ancient Order of Foresters sought to have returned \$40,000 deposit money paid on the purchase of the old Baldwin ranches near Newark. The superior court in San Francisco handed down a decision which not only gave her possession of this oldest improved property in Alameda county, where blooded horses were formerly bred, but the deposit money as well.

SISTERS UNITE IN DEFENSE OF FAIR ESTATE

SAN FRANCISCO, May 16.—Charging that the parents of the plaintiffs long ago signed away their rights, Mrs. Theodora Crothers and Mrs. W. K. Vanderbilt have wired counsel here to fight the latest effort to break the will of their father, the late Senator James G. Fair. Lieutenants Volney D. Crothers and six other nephews and nieces of Senator Fair are the plaintiffs.

The plaintiffs base their suit upon the alleged acceptance by Frederick W. Hendaw, when he was supreme court justice of the state, of a bribe of \$410,000 to reverse his decision in the famous Fair will contest and break the trust clause in Fair's will. Allegations concerning the late Hendaw were incident to the recent diagraph sensation in connection with District Attorney Pickert's office. The present action is alleged to have been received as a bribe.

Lieutenant Crothers resides in San Jose. He is the son of the late Senator Fair. The other plaintiffs are sons and daughters of William Fair, a brother of the senator. To these and other breaks the trust clause in Fair's will stipulated sums, tying up the remainder of his \$200,000 estate by a trust clause that provided it should go to his three children first, and after their deaths to their descendants, and to the children of his brothers and sisters.

After a legal fight that engaged the attention of California courts for years, the suit came finally into the supreme court of the state and the trust clause in effect was sustained. Soon after the supreme court reheard the case and ruled the trust clause invalid. In the first instance Hendshaw's vote for the trust clause made the court's vote four to three; in the second he reversed himself and the vote was four to three against the clause.

By virtue of this decision there was a decree of final distribution on May 12, 1902. All of the estate went to Mrs. Crothers, Mrs. Vanderbilt and their brothers, leaving the remainder of the estate to the children of the late Senator Fair.

Judges of the San Francisco superior court named Judge George A. Stevenson to hear the case and he assigned it to himself.

WILSON SENDS APPRECIATION OVER LOYALTY

WASHINGTON, May 16.—President Wilson has cabled to William G. Lee, president of the Brotherhood of Railroad Trainmen, expressing appreciation of a message of loyalty sent him by Lee on behalf of the brotherhood, which is holding its annual convention at Columbus, O. The president's cablegram, received at the White House today, said:

"Please express to the trainmen assembled in convention my warm appreciation of the message you have just sent me. It has done me heart good and made me feel the fine spirit of such friends in a way to make the work here easier for me. My warmest best wishes for the success of the convention."

Lee's message mentioned the assurance of loyalty of the more than 150,000 members of the brotherhood who have been and are his loyal supporters.

Yuba City, May 16.—The Yuba City, Tex., school of education, given under direction of the Board of Education, will tell of "Cuba, the Island of Sugar," tonight in the Yuba City school, thirty-second and Main streets. The lecture will be illustrated by motion pictures.

WINNIPEG IS TIED UP BY STRIKE; QUIET

WINNIPEG, Man., May 16.—Telephone operators in all the local exchanges joined the general strike here today, stopping all telephonic communication. The labor forces and returned soldiers are in complete control of commercial and industrial Winnipeg. Extraordinary quiet marked conditions in the downtown district.

Winnipeg wears a holiday air despite the strike. The only excitement is occasioned by the frequent appearance of the fire department manned by volunteer firemen rushing to answer false alarms.

Alderman Ernest Robinson, secretary of the strike committee, said today the strikers were still firm in their purpose to remain out to help the metal trade workers get their demanded eight-hour day, higher pay and better union recognition.

Suffrage Meeting Breaks Up in Japan

TOKYO, May 16.—Advocates of the universal suffrage movement in Japan held a three-hour meeting yesterday in Yena Park. Politicians took advantage of the great crowds flocking there to demand electoral liberty for all men. The meeting finally ended without police aid.

INDOOS ARE FREED

YUBA CITY, May 16.—Mohammed Box and Kahr Din, charged by another Hindu, Mohammed Kahn, with robbery, were released here by Judge W. E. 3-minute Journeys

Many if not most of the customs described in this story of a most unusual wedding in Brittany, France, have been discarded. But it isn't so very long ago that all of these complete customs were observed. And in the complete ceremony we can trace several ancient marriage customs of other nations and other times.

The marriage broken among the peasants of Brittany was and in some sections still is the local custom. He goes to the home of the girl his client desires in marriage with a brown in his hand. This he carries to signify that she is to be swept out of her parents' home.

When the notary has completed the marriage contract he is rewarded by the bride with money and with garments made by herself especially for him. But binding as is the civil marriage contract, the bride and the bridegroom remain in their own homes, working as usual and seldom seeing each other. For two weeks they are not almost as

though they were strangers. Then comes the day before that set for the wedding, and the couple set out to tour the village. Preceded by their parents, and followed by their friends, they march in their gay attire around the village, stopping at every shop to make purchases. Most of these purchases are presents for the happy pair.

On the wedding day at an early hour all the friends of the bride and groom meet at the village church, where the religious ceremony is performed. At the conclusion of the ceremony the couple and their nearest friends used to enter the sacristy where they enjoyed a feast, while the villagers feasted and danced on the green outside. When the bride and groom at last left the church they were greeted with cheers.

At twilight there was prepared a table de la marée in a brilliantly lighted tent. Here the bride was installed on a raised seat. And the bridegroom had to wait on her, while his friends served as waiters and provided the guests. Nor was this all, the

Good Evening, General Public—

Remember that plea I wrote to wives to ease up on the heavy sentiment gestures when hubby comes home tired at night? Well, see what came in reply along with the rest of my morning's mail:

"Elsie Robinson, Fitchburg." "Your article of April 29 was a revelation. You see I've been harboring this same idea for the past years. (I was married years ago) and was convinced enough to think that there was not another person in the whole world that knew of this common flaw in matrimony. I am not a knacker of the marriage game by any means. It's the real life; but this infusion of senseless sentiment that one has to

After two days or more of merry-making the remnants of the feast were taken to the neighbors, who repaid their debt by mimicking the marriage dance, followed by a round of the green. And then at the end of that fourth bedroom had to wait on her, while his friends served as waiters and provided the guests. Nor was this all, the

I wish you would tell us how to overcome this fatal flaw in sentiment. I've got a hunch what to do, but I lack the nerve.

"A MAN." I've left out the years he was married because I didn't every little girl who had been a Miss. That long would be doing mental arithmetic and reaching for the dial-iron. But say, it's a great letter, isn't it? Believe me, Friend Man, I'll bet there are quite a few others who would like to "take their pen in hand" and do likewise. You ought to read my morning's mail if you don't believe me. Only I wish you had kept right along and told me the "chance" too—because of other long snuffings that would like to hear it.

Nope, I can't tell you how to work out. Each family would have to work out its own cure at any rate. But I can tell you something about the woman's side of things that never occurred to you. There's a reason for everything if you look long enough. Even for speed cups and these matches the French war heroes put around, I suppose. And so there's a reason for the custom of the French War.

Girls' BEDTIME STORY

By HOWARD R. GARIS.

"Oh, Uncle Wiggly, Uncle Wiggly," called a jolly little voice one day out-side the hollow stump bungalow, where Mr. Longears, the rabbit gentleman, lived with Nurse Jane Fuzzy Wuzzy, the monkey lady housekeeper.

"Hi! I wonder if Uncle Wiggly, or Sister Littlestail, or Jojo or Billie Bushytail, or Uncle Wiggly, as he turned a leaf of the cabbage newspaper, he was reading.

"That's Baby Duntz," said Nurse Jane. "I guess she wants you to take her for a ride in her little red carriage. I see she has it out in front."

"Oh, I can't play with Baby Duntz today," said Uncle Wiggly quickly. "I must go over and call on Grandfather Goosey Gander."

"Baby Duntz will be so disappointed," spoke Nurse Jane.

"It's too bad," agreed Mr. Longears. "But I must have a little rest and quiet. Baby Duntz is so lively."

"Well, she keeps you that way, too," said the monkey lady. "And, on the whole, perhaps it is a good thing for you. I believe you have become younger these last two weeks."

"That's true," said Uncle Wiggly, non-committally and unconvincingly. "How I can't play with Baby Duntz this morning."

And when he told this to the little rabbit girl, when he had found in a hollow stump, she said:

"Oh, dear, when I'll have to go off in the woods by myself and pick wild flowers. But will you play with me some other time, Uncle Wiggly, and chase me and have a game of tag and all that?"

"Yes," promised Uncle Wiggly, as he put on his tall silk hat and looked to see if his pink nose was twinkling properly. "I'll play with you later."

So he went one way through the woods and Baby Duntz went another, pushing her carriage in which she often used to be wheeled when she was smaller than she was now.

"Don't get lost," said Uncle Wiggly, as he waved his paw to the little rabbit girl.

"I'll try not to," she said. Uncle Wiggly had a nice visit with his old friend, Grandfather Goosey Gander. They talked about the time when they were young and spry.

Revelations OF A WIFE

(Continued from Yesterday.)

"Good girl!" Lillian murmured, and the approval in her eyes made me resolve to endure anything rather than disappoint this woman to whom I felt I owed such fealty.

Tried as I might, however, to affect indifference, I couldn't keep my eyes from straying occasionally toward the table where Grace Draper and Harry Underwood had been seated. Fortunately for me, their chairs were arranged so the girl presented only a profile view, and while Harry Underwood could have still the strikingly handsome, debonaire man of the world he had been when I had first seen him, there was that in his appearance which betrayed he was drinking more heavily than usual. There was something sallow in his face, also, and I wondered if perhaps the better nature of the man—if, indeed, he had a better nature buried beneath the sinister, selfish personality I had seen—did not occasionally stir itself in remorse for his callous brutality toward Lillian.

A PROBLEM THAT FASCINATES. So I felt safe in studying the couple whose life threads had been so strange. I, almost tragically, interwoven with mine. I paid little attention to Harry Underwood, save to remark that while Draper and her determination to be revenged upon me, she was always fascinated even while it repelled me. The contrast between the absolute perfection of her face and the distorted soul of her is a problem that never loses interest for me.

EYES THAT NEVER REST. Unlike her companion, she had neither put on flesh, nor was there the least sign of dissipation about her. That she was in the pink of physical condition every movement of her supple body showed. But her face, exquisitely rounded and tinted though it was with the glow of health, yet held an indefinable air of hardness, sordidness, which even Harry Underwood's saturnine countenance did not equal.

She didn't have much to say to her companion, and there was no hint of friction between the two. I guessed that their association was pre-eminently a self-seeking one, each making use of the other's talents in the queer, sinister life they had made for themselves.

It wasn't long before the feminine intuition which enables one woman to read another discovered for me the fact that Grace Draper was searching the safe for some end. Her eyes were never still, but restlessly roved from one table to another over the large room. And then the thing I feared came to pass. Grace Draper turned around and swept our table with her searching eyes.

I had barely time to drop my eyes from my scrutiny of Grace Draper's face when she turned around from the table which she shared with Harry Underwood in the tale through which Lillian, a creature to which Lillian Underwood had brought Katherine Sonnet and myself, and swept our table with the same searching glance she had bestowed upon many others in the safe.

This is the first time in history a layman was chosen as the highest officer of the church. Baer's opponent was the Rev. Dr. S. Hall Young, an Alaskan missionary.

Parisians Dancing Clandestinely Police Restrictions Are Overcome

PARIS.—(By wire).—The dancing masters of Paris have laughed out into a vehement denunciation of the government's continued ban on night dancing. No attempt was made to lift the restriction over the Easter festivities, and with Paris on the eve of her first "season" since the war began, there is still no prospect that the lid will be taken off with official approval.

But while the government is determined not to allow the gay city to return to her oldtime carefree gaiety as long as the country is suffering from the aftermath of war, clandestine dance halls are growing in number weekly.

"The Union of Dancing Masters has given a French investigator who this state of things was only to be expected when the authorities refused to permit halls in the hotels and salons of Paris. They complain that the ban deprives them of their means of livelihood and leaves the road clear for immoral and unscrupulous profiteers, who by the clandestine practices in the secret choreographic dens of the city, are sending thousands of American officers away from France with false ideas of French life."

FINDS DISAPPOINTMENT.
In order to probe the extent of the scandal, a French investigator made a night tour of Paris. "I was told to go to a certain Montmartre theater after the show was over," he said, "and ask for Eugene, the chasseur, who would

first ballot, which gave Baer 476 votes and Dr. Young 345.

Baer was the only layman nominated.

William J. Bryan, who had been spoken of frequently as a possible contestant, did not arrive in St. Louis until after the election. This precluded him from becoming a candidate, as the assembly has never chosen a moderator who was not on the floor at the time of the election.

Baer is vice-chairman of the New Era movement, which has on hand the raising of \$38,000,000 for Presbyterian church work, and is former associate secretary of the Board of Home Missions. For many years he was general secretary of the Christian Endeavor and is a former president of the Occidental college, Los Angeles.

Recommendations to grant women sex equality in church affairs, endorsement of the inter-church world movement and comprehensive plans for a five-year church expansion program were laid before commissioners today.

A larger place in church leadership for women was recommended in the new era expansion program which provided that women be given the right to hold offices in the church council, the board of trustees and all committees of the church.

Recommendations that the church

direct me to a dancing hall run by 'The Countess.' I found Eugene easier to help. 'Take this taxi,' he said, 'and for twelve dollars the driver will take you to the Countess and drive you away at 2 a. m.'

"We drove right across the city to a beautiful little street on the left bank and the scene, and found about twenty automobiles drawn up in the neighborhood of a small shop. I tapped several times on the door, but the only echo was the strains of a 'march' mustered that drifted out softly through the shutters.

"I knocked again and then a head peered round the half-open door. 'Full up,' I was told. 'We've already refused thirty people. Come back tomorrow at a later hour than this and hand me one of these numbered cards.'

"The driver laughed. 'Oh, that often happens,' he said, 'but there are other places. Kiki at the — theater will give us another address.'

PROMISED GAYETY.
"Kiki was another theater chasseur. He drew \$2 from me and handed me the address of what was styled a 'private mansion' at Neuilly and a card bearing in English an invitation to dance the tango there. We drove out to the fashionable suburb, and half an hour later \$4 admitted me to a villa with a promise to partake of the forbidden fruit.

"The atmosphere was unbelievably foul. For ten dollars you could drink a wretched liquid labelled 'champagne.' Of true, care-free gayety there was no trace."

launch a new five-year expansion program for the spread of Christianity and plans for reorganization upon a budget system were outlined in the new era program. Expenditures of \$25,000,000 for individual church budgets, covering equipment and operations, including \$1,000,000 for increasing pastors' salaries and \$12,000,000 for the new era budget, were reported by the committees as a part of the 1919-1920 program.

A total of 90 per cent of the \$12,000,000 expansion fund already has been raised, the committee report said, with the entire amount practically assured.

Special attention to the Americanization of immigrants and industrial centers and "fearless application of the principles of Christ" to the solution of economic and social problems were also recommended in resolutions presented.

Bryan attended the sessions today. Bryan is urging that the assembly take some action to establish a financial aid bureau to be supported by the church for lending money needed by members to save them from resorting to chattel mortgage money lenders.

Establishment in every community of men's clubs as substitutes for the saloons minus their demoralizing influences also was advocated by Bryan.

GIRL SCOUTS AID BABY HOSPITAL

Tomorrow is the big day in the Girl Scouts' drive for \$4000 with which to assist the Baby Hospital. All day tomorrow Nuptune Beach will be the special possession of the Scouts and their guests, whom they expect to number by the thousands. Sale of tickets to the aquatic park for this occasion progressed today along with the sale of flowers through which the Scouts hope to reach their \$4000 fund.

The sale of flowers was the more successful today than yesterday. Florists of all the Eastbay cities have contributed blooms liberally to this purpose, and these found ready buyers even offered by the young saleswomen.

Miss J. L. Brundage is acting lieutenant in charge of the whole flower sale. Her captains are the Misses Lucy Rube, Helen Burckard, Elizabeth Ross and Elizabeth Gardner. Each of these has direction of an industrious corps of workers.

One group of Girl Scouts even came from across the bay to help in the sale.

Miss Dorothy Woodruff is manager of the whole Girl Scouts' campaign. She anticipates today that the drive will sell at least 10,000 tickets of admission to Nuptune Beach tomorrow. On tickets sold in this manner a greater proportionate return will be realized by the hospital than if the tickets were sold at the gate, though even these will contribute their 25 per cent to the fund.

Headquarters for the Girl Scouts' drive which has received the warm support of the Baby Hospital directors, have been opened at the Hotel Oakland, where reports today showed that the income from the two sales was slowly but steadily mounting.

It is estimated that the sum secured by the Girl Scouts will be sufficient to support the work of the Baby Hospital until October. In that month is held annually the Baby Hospital benefit, the only affair of its sort with the hospital directors themselves conduct.

OVER 8000 VOICES IN SCHOOL CHORUS

Indications of a good-sized audience for the musical festival of the Oakland schools at the Civic Auditorium this evening in the latter part of the evening demand for seats. None of the seats, however, in the big auditorium is to be reserved, as a low price has been made common to all of them.

The program tonight is under the general direction of Glenn H. Woods, director of music in the Oakland schools. The Fremont orchestra will be conducted by A. C. Carter and the Technical High band by Franklin Carter.

The music instructors of the high schools who have drilled the young singers and made other arrangements for the concert are the following:

Fremont, Miss Alice Dumbough and Miss Eleanor Busch; Technical, Miss Blanche Kummer and Mrs. M. V. Davis; Oakland, Miss Alice Eggers and Mrs. Helen Dreisk; University, George T. Matthews; vocational, Miss Lulu Meynau.

**SOCIETY MATRON
DIES IN HOSPITAL**

Mrs. Margaret Knight Coffman, 42 years old, died last night at Merritt hospital. The Knight family has been one of the most prominent socially and in civic affairs in this city for many years. She is survived by her husband, R. Nelson Coffman, and four children, Margaret, Lucie, Catherine and Caroline Coffman.

Mrs. Coffman was born in Philadelphia February 13, 1876, and came to Oakland with her father, R. A. Knight, in 1893. She received her education in the Oakland high school and later at Stoll's Seminary.

In 1892 she made her debut in Oakland society, and her marriage in 1900 to R. Nelson Coffman was the aftermath of a romance of the Stoll family period. Until last summer the family made their home in Los Angeles.

Mrs. Coffman leaves a mother, Mrs. R. A. Knight, and brother, John D. Knight, U. S. N. R. The funeral will be held tomorrow morning at 10 o'clock at the First Presbyterian church in Oakland. Interment will be private.

Says Great Britain Seeks Oil Control

LOS ANGELES, May 16.—A direct accusation that Great Britain is attempting to gain control of the world's oil supply by acquiring oil properties in California and Mexico, was made by Senator James D. Phelan, who arrived in Los Angeles today.

Senator Phelan declared that it behooved the United States to thwart this attempt to gain control of the oil supply which, he said, will be the determining factor in the impending struggle to dominate in transoceanic commerce. Great Britain, he asserted, by her attempts to control the oil output of the world, is making a "wise" move, as the future of navies and ocean commerce depends entirely on oil supply.

Miss E. A. Chapman is Bride of Editor

SAN JOSE, May 16.—Miss Eleanor A. Chapman of Mountain View was married at the Church of the Seventh Day Adventists here last night to Alonzo Baker, also of Mountain View, by Elder A. D. Tait. The bride is the daughter of the late E. A. Chapman, for thirty years treasurer of the "Signs of the Times," official organ of the Seventh Day Adventists, published at Mountain View. The bridegroom is the assistant editor of the paper and Elder Tait is the editor.

BABY IN CARRIAGE STRUCK BY AUTO LEAVING GARAGE

Martha Links, the 20-month-old daughter of Marcus Links, 635 Thirty-third street, was seriously injured yesterday when an automobile backed out of a garage at Thirty-third street and crashed into the baby carriage in which the baby was being wheeled by the family housekeeper, Miss Minnie Dreischer.

Wendell C. Moore, with offices at 4400 Broadway, was driving the car. He immediately stopped, picked up the injured child and rushed her to the Eastbay hospital. The chances are that the baby will recover.

Moore has been questioned by the police inspectors but will not be held unless the injuries received by the baby prove fatal.

Woman Held Up in Elevator; Robbed

Miss Elsinore Savage, 1305 Clay street, reported to the police this morning that when she entered the automatic elevator last night to go to her apartment a negro followed and as soon as the elevator started up demanded that she turn over her purse.

After calmly emptying the purse of \$4, some cosmetics and a silk handkerchief, he stopped the car, opened the door, invited her to get out, and then shut the door and descended to the street floor, making his escape.

Miss Savage has given the police an accurate description of her fellow passenger.

Technical High Alumni to Dance

The Alumni Association of the Oakland Technical High School will give an informal dance at the school gymnasium tomorrow night. This will be the first get-together the alumni have had this year and all are requested to be in attendance. P. M. Fisher, the principal, will greet the guests. Marie Colthurst is chairman of the arrangement committee, while the floor committee consists of Russell Lindgren, chairman; Marie Colthurst, Grant DuBois, Vesta Ewert, Rudolph Mathieson, Lucy Bradley, Herbert Mathieson and Almet Brodke.

M. J. Kelly to Visit His Home in East

M. J. Kelly, local political leader and former county treasurer, left today to visit his old home in Glenwood, West Virginia. Kelly expects to be absent from the state about a month, and will visit New York, Washington and other Eastern cities. While the local political leader has assisted in sending representatives and senators to Washington, he has never visited the national capital. He declares this will be the first vacation he has enjoyed for a number of years.

COAST ARTILLERY MEN COMING HOME

ALBUQUERQUE, N. M., May 16.—Fresh from the western front, 430 American soldiers passed through Albuquerque today on their way to San Francisco for demobilization. The men are members of Coast Artillery units attached to the first army and of detachments of the 119th (California) field artillery, 32d division, and of the 309th field signal battalion.

NEW YORK, May 16.—Eighty-six "war brides" were aboard the transport Plattsburg, which docked in Hoboken today with 293 persons aboard. Among the brides were sixty wives of soldiers, thirteen sailors' wives and three naval officers' wives. There were also ten soldiers' and three sailors' children.

The Plattsburg also brought casual and convalescent detachments. Forty officers and 1010 men of the 32d field artillery regiment will move to Camp Sherman, 203 men to Camp Taylor, 37 men to Camp Lee, 43 men to Camp Grant and two officers and 30 men, regular army men, to various camps.

Freed of Charge of Disturbing Peace

BERKELEY, May 16.—Isabel A. Kelley and her wife, Gretchen Kelley, were completely exonerated yesterday by Judge Edgar of the charge of disturbing the peace preferred by Mr. and Mrs. Charles Lindberg, 1255 East Fourth street, Oakland.

The Lindbergs declared that when they went to the Kelley home, 208 Derby street, to collect a bill, they were seized by the Kelleys and locked in a room. The Kelleys yesterday testified that they merely looked the door of their apartment when the Lindbergs entered, as was their custom owing to the fact that other families occupy the same building. Lack of evidence showing malicious intent on the part of the Kelleys caused Judge Edgar to dismiss the case.

Legal Battle Over 15-Cent Theft Case

In a demonstration of fidelity to their oath as attorneys, G. M. Nais and M. W. Sevier are laboring through the second trial of Homo Razzetti, an ignorant Mexican accused of stealing a Canadian dime and a smooth American nickel from a negro named Scott. The former trial was a mistrial, the jury being 10 to 2 in favor of acquittal. The two attorneys appointed by the court to defend are not even in a fair way of receiving as much for their services in the mistrial defendant as is allowed to have been stolen from his leader has assisted in sending representatives and senators to Washington, he has never visited the national capital. Millionaire's Wife Commits Suicide

ST. LOUIS, May 16.—Mrs. Beatrice Price, wife of Thomas E. Price, millionaire grain broker, died last night from a self-inflicted bullet wound, police declared today.

Mrs. Price shot herself Wednesday evening. Police suppressed reports until this morning, on request of Price. All health is given by Price as the cause of his wife's act.

Do You Pay 65¢ for Sirloin Steak? —or 33 Cents?

We serve all tastes

A recent Government bulletin quoted sirloin steak in different cities at prices ranging from 33 to 66 cents!

We buy live cattle, according to quality, all the way from \$7.00 to \$20.00 per hundred-weight, live weight. Sirloins from these cattle vary greatly in quality.

Some retailers sell 33 cent sirloins. These steaks come from cheaper cattle.

Customers of other retailers demand choice sirloins at 66 cents. These retailers buy meat from higher-priced cattle.

Also, the retailer who carries complete stocks, delivers to your door, and lets you run a charge account, has to get higher prices than the retailer who runs a "cash and carry" store.

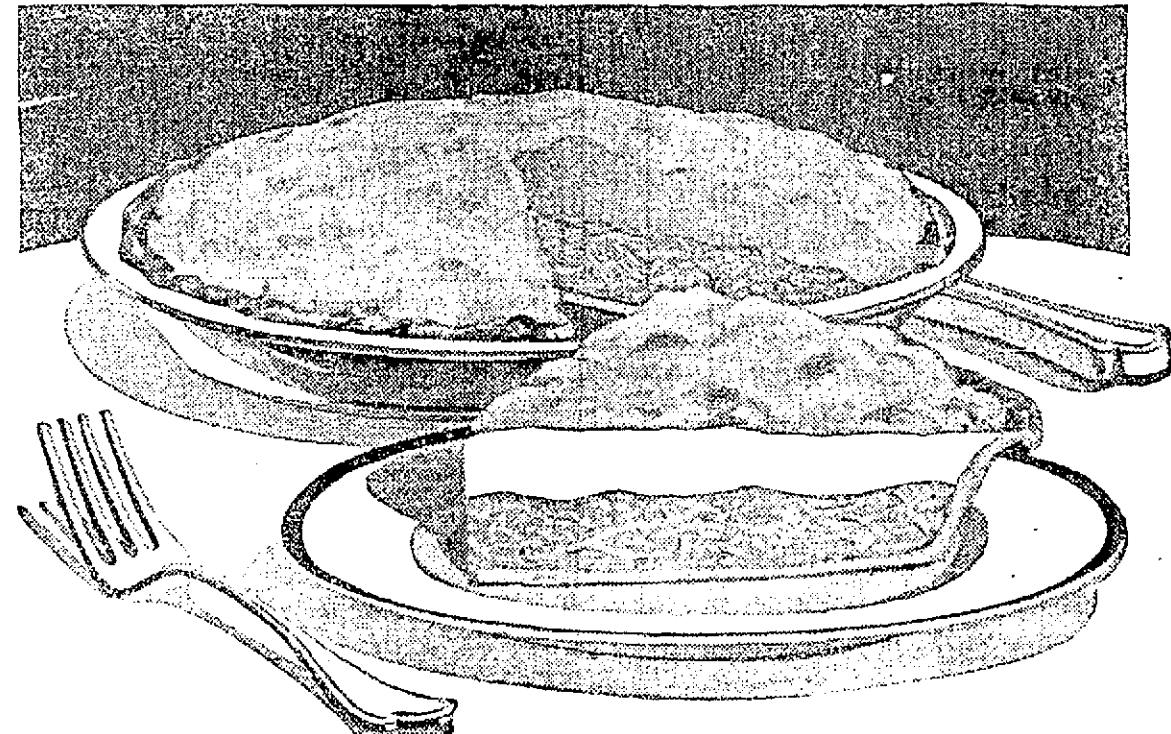

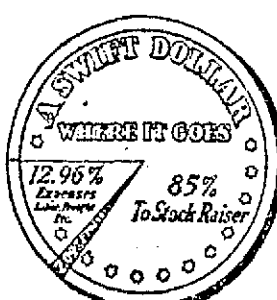

We sell beef of a given quality at practically the same price all over the country—except for slight differences due to freight rates.

And our profit hardly affects the price at all—only a fraction of a cent per pound.

Better cream pie— and it's made without butter!

Give your family this coconut cream pie tonight, made with Libby's Milk. See how they'll say it's "the best pie they ever ate"—that it has "such a different taste!"

Libby's Milk—pure, fine milk with more than half the moisture removed, nothing added—is so rich, so like thick cream, that it makes all pie fillings unusually rich and luscious.

That is because this rich milk is selected for its extraordinary richness—up in Humboldt County, California, whose superior dairy products have become celebrated.

Your husband will enjoy Libby's Coconut Cream Pie as much as other men do—and when you make the filling

with this rich milk you don't need any butter or other cream!

Libby's Coconut Cream Pie!

Scald 1 cup Libby's Milk and ½ cup water in a double boiler. Add 1 heaping tablespoon cornstarch mixed with ½ cup sugar and a pinch of salt and cook till thickened. Stir in ½ cup coconut (fresh, chopped or canned) and the yolks of 2 eggs beaten with a tablespoon of water till very light. Cook five minutes. When cool, add 1 teaspoon vanilla and put in baked pastry shell. Frost with beaten whites of 2 eggs and 1 heaping tablespoon sugar, and brown in quick oven. (If canned coconut is used, substitute liquid in can for the half cup water and omit vanilla.)

Order from your grocer today this milk that comes from your own state's famous dairy section.

ANGELS TAKE KINDLY TO STEEN'S OFFERINGS AND BEAT OAKS

SEALS WIN GAME FROM VERNON AND HOLD SECOND PLACE SAFE FOR COUPLE OF DAYS

Solid Smashes in the Pinch Send "Big Six" Steen Back To Pittsburg Full of Gloom

Angel Batters Get Blows When Most Needed While Oaks' Blows Are Not Timely

By BOB SHAND

"Big Bill" Steen came in from Pittsburg yesterday and pitched for the Oaks. Bill lost the ball game to the Seraphs by a score of four to one thereby breaking the Oaks' winning streak, but the big fellow is quite sure he can defeat the Seraphs in another attempt and there is a possibility of Willie pitching the Sunday morning game. He wants to go in again and will have a talk with Foreman Howard this afternoon. Steen was the most disappointed man in fourteen counties when the game was over yesterday. "Too bad I broke the Oaks' winning streak," lamented Bill. "The regular pitchers were winning right along and here I had to butt in and run up the works."

"Close up," chirped one of the Oaks. "You did the best you could, old timer, and nobody can do more." The trouble with Steen is that he has not been pitching much lately. In fact he has not been in any kind of a ball game for two weeks. He complained after the game yesterday that he had a "hitch" in his arm and could not get his usual "zip" on the ball, but he thinks that that game under his belt he will win next time out. Also it was a long time since Bill pitched to a crowd like the Seraphs and Crawford. Making the Crockett bunch hit at bad ones and looking on as strikes in pitching against Coast League batting.

The Angels gathered their runs in clusters of two, getting a pair in the third and another brace in the ninth. In the third Killifer opened with a single and Hancy got on when Joe Roche batted one. Fournier singled to fill the bases and Steen had the pleasant prospect of a full house, none out, and when Sam Crawford at the plate swinging the biggest club in the league. Sam hoisted a fly to Billy Kane and Fournier took a strike, so struck around the third. Bill Kane worry was next and Bill hoisted a fly to the left. Kane was dragged down by Black Miller, but Killifer scored after the catch. Kane Ellis bled to bring Hancy over the plate.

In the ninth Pettica got a man's size double and Killifer duplicated the feat with a shot to left. Pettica thought Miller would catch the ball, so he stuck around second until his boss was almost on top of him. Then the pitcher lit out for third and got no further on that big fat two-base avar. Hancy drove a sacrifice fly to Billy Kane, scoring Pettica, and when Bill Steen intercepted the ball and threw it over Elliott's head Killifer came over the plate with the fourth and final run of the game.

Sammy Robne doubled in the sixth, reached third on Roche's hit and registered when Bill Stump, noised a sacrifice fly to Rube Ellis in left field. Elliott forced Roche and Steen forced Elliott to end the inning.

With Red Murphy on third and Frank Miller at the bat the Oaks looked to have a swell chance of scoring in the first inning but Hancy was an infidel. Murphy got on third by lacking a triple to the clubhouse.

Incidentally the Oakland skipper looked in with three blows and drew a pair of walks giving him a perfect record at the bat.

Wahoo Sam Crawford was hitting the ball on the nose all afternoon but only one of his drives felt safe. That was in the fifth inning when he tripped with Hancy over the plate.

Vallejo High Track Team In Condition

Annual Meet Will Be Held at Dixon Tomorrow Afternoon.

By BOB SHAND

VALLEJO, May 15. — The athletes of Vallejo high school have finished training for the annual C. S. S. L. field and track meet which is to be held at Dixon tomorrow afternoon. Coach Charles Brown put his boys through their paces yesterday and those who witnessed the final workout are told of the local high school during their training period. Brown stated last evening that his boys are ready for the big event and unless some of his point-gatherers suffer some injury Vallejo high school should be among the first place contenders at Saturday's meet.

Jewell Welch, the clever athlete whom Coach Brown depends on a great deal in the line of competition, according to the boys at the school and he is expected to do things when the district county athletes come together on Saturday. Frank Allison and Bert Kiehn, Vallejo's two best long jumpers, are sure to pull several points while Ray Kern is a dead clinch for his quota of points in the 100-yard dash. Everett and Fred Smith promise to take care of the sprints. Such boys as Bill Rodgers, Jerry Kretsch, James McLaughlin and Charles Pracht are sure to bring points in their respective events and it is sure to be a close race for the rest of the county schools to win.

The team accompanied by a large delegation of rooters, will leave tomorrow morning for the big meet in automobiles.

One down. Kenworthy drew a walk and the boys who were rooting for the Seraphs had visions of a few tallies. The stuff was all off when Sam was struck out at the plate by Steen on Bill's tap and Rowdy pulled Kenworthy.

Pettica came near turning his ankle in the sixth frame after hitting out a single. The ball was a tricky one. In the seventh inning Pettica was the only player that heard the plea. Ken dropped an easy fly off Willie's bat in the fifth frame.

The Oaks got plenty of men on the bases but the boys could not come through in the ninth. Joe Roche batted one. Fournier singled to fill the bases and Steen had the pleasant prospect of a full house, none out, and when Sam Crawford at the plate swinging the biggest club in the league. Sam hoisted a fly to Billy Kane and Fournier took a strike, so struck around the third. Bill Kane worry was next and Bill hoisted a fly to the left. Sam hoisted a fly to Billy Kane and Fournier took a strike, so struck around the third. Bill Kane worry was next and Bill hoisted a fly to the left. Kane was dragged down by Black Miller, but Killifer scored after the catch. Kane Ellis bled to bring Hancy over the plate.

The Los Angeles players say the gamblers are even more prominent down south than they are here. Joe Roche batted one. Fournier singled to fill the bases and Steen had the pleasant prospect of a full house, none out, and when Sam Crawford at the plate swinging the biggest club in the league. Herman and Ortega Will Battle Next

Luscher and Abernathy Will Meet in Return Bout Wednesday.

By BOB SHAND

Battling Ortega, who won the decision over Salinas Jack Robinson the other night, has been signed to meet Willie Herman at the Auditorium next Wednesday evening. Herman has been doing some good work around Portland and Seattle and is said to be a much improved fighter. He will stand off and fight the batter, which insures a more interesting scrap than the Robinson-Ortega thing.

Frank Luscher and Chief Abernathy are going to start in again where they left off the other night. Most of the spectators thought Abernathy was entitled to a draw Wednesday evening and the Chief will have a host of followers when he hooks up with the East Oakland boy in the return match. Jack Davis and Eddie Denny have also been paired off again. They fought a hurricane battle last time out with Davis winning the decision.

Frank Williams, who knocked Young Texas for a goal in fifty seconds, will hook up with Eddie Landon. The latter is a local product who has been boxing at Vernon lately.

Young Fitzsimmons, the little guy with the big punch, will pick on a kid named Knock-out Soares. Fitzsimmons says it will be knocked-out Soares about ten bells Wednesday night. Soares hails from East Oakland and is sponsored by the Sierra boys.

Curly Brown, a marine from Mare Island, will meet the veterans, Young Turner and Young Texas will hook up with Louis-House Cooper.

To "make it all right" with him if the Seraphs dropped a certain game, Jacques dropped the gambler for the count and then went out and laced a pair of doubles and a triple to win the ball game.

Local and San Francisco baseball officials are paying some attention to the gambling fraternity now. Several of them have been warned away from the parks within the past few weeks.

Harry Weaver has wired Del Howard that he will report to the Oaks at Salt Lake next Tuesday. Rowdy Ellis says Howard has secured a swell pitcher.

Killifer benched Driscoll yesterday and used young Hancy at short. Hancy was back in left field and Killifer moved over to center taking Cooper's place.

The Seraphic boss had a nice day with the stick yesterday, hammering out a double and a pair of singles.

Rowdy Elliott was on the job a million strong and the Angels failed to steal a base. Neiffert got away in the eighth after getting a hit and was thrown out by a mile.

Walter Boles was back behind the bat for the second time in the usual heavy game. The Oaks did not try to steal on Walter.

Bill Cunningham and Compton secured three hits in the eighth to put the plate for the Purple Sox. Two of Cunningham's hits went for doubles, while one of Compton's was a triple.

Three homers, a triple and eight doubles were hit in this game. Sheely, Smith and Harper being the home run hitters.

Harper, Derrick and Knight got two hits each for Seattle, while Sheely hit three and Maggart, Rumber, Krug and Smith two each for Salt Lake.

In all the excitement only one error was made.

BEAVERS VS. COVOTES. Clinton Prough pitched for Sacramentos while Jones worked for Portland. Jones allowed only four hits, but Prough allowed eight, and Sacramento lost, 5 to 1.

It was a poor fielding game. The Portlanders made four errors and Sacramento five. No extra base hits were made on either side.

Signin and Westzell hit two each for the Beavers.

Hollander Is Working Out With Angels

Boss Killifer Would Like to Sign Up Local Ship-builder.

By BOB SHAND

"Red" Killifer, manager of the Los Angeles club, will probably attach the timeworn to one of his players before the team returns south next Sunday night, and the man due to get the hardware hung on him is an infielder. Killifer has not made the announcement yet, but it does not take a fellow with a specially-made pair of spectacles to see what he has up his sleeve. And we will not be guessing wrong in saying that the player that will get the shiny stuff tied to him will be Driscoll, the lad that is now playing shortstop. Or maybe it will be Hancy, their utility infielder.

Yesterday afternoon when the Angels were practicing for their contest with the Oaks on the local lot, Killifer had Billy Hollander, former Oaks and Tanager shipyard player, out in uniform, and Bill showed the Los Angeles boss a lot of class while the boys were batting them down around the short patch during practice. Hollander wanted to sign a Los Angeles contract right away, as Manager Killifer told him yesterday afternoon that all he wanted him to do was to name his price within the Coast League limit and he could have it. Hollander is a wonderful ball player, but having his ups and downs in the game, he is pensive at organized baseball, and some day he will have to make a position which he now has at the Tanager shipyard.

The Los Angeles infield is sorely in need of bolstering, and perhaps the Los Angeles boss will be able to talk Hollander into signing. At that the old baseball bug is kind of sizzling. Billy as last night he was around town, asking his friends what they thought best for him to do. Hollander could have gotten into yesterday's game if he wanted to, but told Killifer that he was not quite prepared to jump into a regular game. Hollander will be out with the Angels for the remainder of the week, and he may go away with the club.

If Hollander is signed, it will mean that one of the infielders will go. A talk Hollander would have to have to battle for his job, but there was not a chance in fifty of the Millionaire Kid being let loose, as he has latched on to the team. Hollander has been in baseball. Bill was just a slump, from which he appears to have emerged. Also Bill's fielding was not up to the standard, because he has been playing at third base. But as soon as he was shifted to second, he improved. Driscoll has not been hitting the ball enough to hold a job. The Angels for the remainder of the week, and he may go away with the club.

Gene Caldera, local youngster released by Salt Lake, was out in an Angel uniform yesterday.

SWIMMERS FROM HIGH SCHOOLS IN MEET

Eastbay high schools have had swimmers out each day training hard for the C. I. F. swim meet, which will be held tomorrow afternoon at Neptune Beach. High schools of the bay section will be represented. Berkeley High will be Alameda county's best bet in the meet, as they have won the title in the past. Berkeley High is in full control. There the name was changed to the C. I. F. Tractors and Bill Wagner was named as the manager. Now Bill and Toney get along like a pair of brothers and they have a real ball club, and are at the same time giving the San Leandro fans the best class of hush baseball possible. Wagner arranged for most of the games for the Tractors, and he is a fellow that does not believe in picking soft ones for his team. The Tractors have been meeting the best of them, and it is surprising since they suffered a defeat that the fans of the Cherry Town almost forgot when it was. Their last defeat was the time when Red Murphy took a flock of husky Oaks to the Cherry Town last March.

BILL WAGNER IS GOOD BOOSTER FOR BASEBALL

Amateur baseball on the east side of the bay is so much more popular than it is in any other part of the state, because this section is lucky enough to have plenty of men who are real boosters for the young ball players and are always ready to do what they can to help them along with hope that they might some day become real stars in the big show. San Leandro is one town where the people take delight in watching a lot of young ball players in action, and that town is today, and has been for the last few years, represented by one of the greatest little amateur or semi-pro clubs in the state. Toney Enos and Bill Wagner are the men that have for the past couple of years arranged for the signing of players and getting games for the C. I. F. Tractors club, which the San Leandro fans call their own. In 1917 and 1918 the club was known as the San Leandro Tractors, and Toney Enos was in full control. There the name was changed to the C. I. F. Tractors and Bill Wagner was named as the manager. Now Bill and Toney get along like a pair of brothers and they have a real ball club, and are at the same time giving the San Leandro fans the best class of hush baseball possible. Their last defeat was the time when Red Murphy took a flock of husky Oaks to the Cherry Town last March.

Bill Wagner has a lot of fun when he sees the Tractors defeat the Oakland Dodgers, so with no chance of getting the Oakland Dodgers started. Bill has challenged the Oakland Dodgers to a three-game series, and the first game will be played at Alameda next Sunday. Wagner has arranged for a number of other fast clubs to play the Tractors this summer, and San Leandro fans will see plenty of fast games. There are a number of other good boosters at San Leandro for the young ball players, and among them is Bill Ellis, who is an every-Sunday fan at the Cherry Town games.

It has been a long time since fans at Richmond have witnessed a real fast semi-pro game, and Manager Otto Dietrich of the Richmond Elks is planning to accommodate the biggest crowd that has witnessed a game at Richmond in the past few years. The fans are hungry for a regular contest that will be played by the best of them, and it is surprising since they suffered a defeat that the fans of the Cherry Town almost forgot when it was. Their last defeat was the time when Red Murphy took a flock of husky Oaks to the Cherry Town last March.

Hazel Vallejo King is Released on Bail

Hazel Vallejo King, heiress, who was recently arrested and bound over to the Superior Court for trial on the complaint of San Jose merchants, from whom it is alleged, she purchased a lot of gowns and paid for them with a check without funds in the bank, was last night released on \$1000 bail. She will be arraigned Tuesday.

18th Engineers to Be Guests at Picnic

The men of the 18th Engineers, just returned from France, will be the guests at a picnic to be held at Eastshore Park Saturday afternoon with the officers as hosts. A big barbecue will be among the features and 1000 pounds of beef will be barbecued under the direction of Carsten E. Schmidt. Red Cross girls and other young women will serve at the alfresco luncheon.

NEW ARTILLERY PIECE PASSES MOBILITY TEST

SAN FRANCISCO, May 16.—A new artillery piece developed since the signing of the armistice consists of an American 75-millimeter field piece, mounted on a Holt tractor, satisfactorily passed all tests at Fort Winfield Scott yesterday afternoon before a group of army officers from the South Pacific coast artillery district.

The extreme mobility of the new arrangement is the feature which makes it superior to all existing types, as a speed of fifteen miles an hour can readily be attained. Hill-climbing powers equal to the tanks were demonstrated. Moving pictures of the demonstration were taken for the war department.

W. C. T. U. Proposes Soft Drink Centers

The Woman's Christian Temperance Union of Alameda County, recognizing the need arising after July 1 for some place for men to congregate for amusement and sociability, are ambitious to establish a social center in Oakland. It is believed that such a place selling soft drinks, milk, tea and coffee, equipped with lunch counters, providing music, periodicals and newspapers, with facilities for sociability, to be run on an independent basis, will be one of the best constructive agencies in place of the passing saloon. It is hoped to establish a chain of such social centers through the city and county, if the first one proves a success.

The National and State W. C. T. U. are putting on a double drive for one million members and one million dollars for reconstruction work.

Two Lodges to Hold Picnic Next Sunday

Two Alameda county lodges will frolic in Redwood canyon on the lines of the Oakland, Antioch & Eastern Railroad Sunday when Pacific parlor, N. S. G. W., holds its annual picnic at Madrone park and the sons of Norway assemble for their annual outing at Pinehurst. J. Henry Bastien, chairman of the arrangements, committee of the Native Sons' picnic, announced today that a large delegation of members and friends from other county parlor will attend with Pacific parlor.

M. H. Samuelson is handling the arrangements for the picnic of the Sons of Norway, which organization represents a large percentage of the Norwegian-American residents of Alameda county.

OAKLAND WOMAN HEADS REBEKAHS

Mrs. Louis Paltengh of this city was elected president of the order at the state assembly of Rebekahs at its meeting at the Hotel Whitecomb in San Francisco yesterday, and H. W. Brunk of Berkeley was elected by the Independent Order of Odd Fellows to represent that body at the sovereign grand lodge meeting to be held in Baltimore, Md., in September.

Other officers of the Odd Fellows to serve for the ensuing year were elected yesterday as follows: State Senator Lyman M. King of Redlands, grand master, K. C. Keene of Suisun, deputy grand master, A. D. Ketter of Santa Rosa, grand warden; H. D. Richardson of San Francisco, grand secretary, James W. Harris of San Francisco, grand treasurer; John Gasson of Grass Valley, E. H. Black of San Francisco and Joseph Foster of San Diego, grand trustees, John Hazlett, San Francisco, trustee Odd Fellows' Honor.

Degrees were conferred upon a large class last night by Berkeley and San Jose lodges.

After the business session today the convention will adjourn. The Rebekahs named other officers, as follows: Mrs. Stella V. Morrick of Long Beach, vice-president, Mrs. Fanny M. Clancy of Woodbridge, warden, Mrs. Mary E. Donahoe of San Francisco, secretary, and Miss Lois M. W. Hoff of Watsonville, treasurer.

German Publisher Fined for Criticism

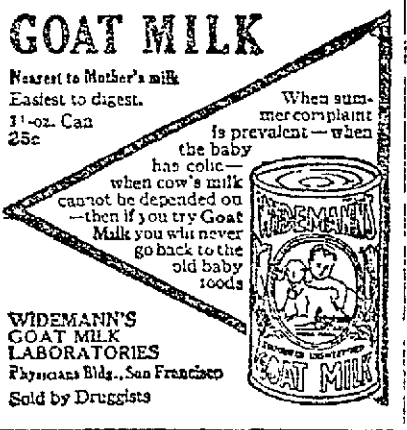

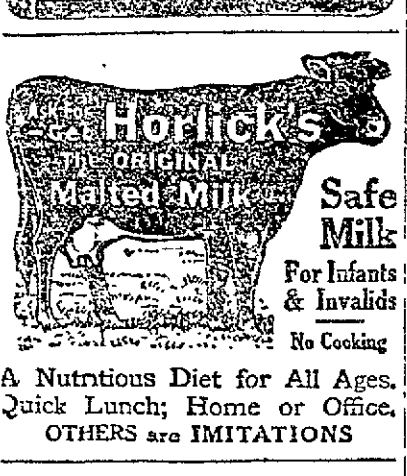

Albert F. Curran, publisher of the Oakland Journal and the California Zeitung, German language publication, was fined \$300 and his papers were suspended yesterday by the United States Court in San Francisco where he pleaded guilty to violation of the regulations governing the conduct of papers printed in foreign language. He was accused of printing editorials criticizing the peace terms and of failure to furnish the postal authorities translations of the articles.

Bullets Riddle Assailant's Body

DUBLIN, Ga., May 6.—James Walters, laborer, who is said to have been in a tree and his body riddled with bullets by a mob which took him from a deputy sheriff as he was being taken to jail late yesterday.

Sacramento Dentist is in Divorce Court

SACRAMENTO, May 16.—The marital differences of Dr. Charles J. Tolton, dentist, and his wife will be aired here for the second time in the local divorce court. He has brought the suit. Three years ago he filed suit, charging his wife "pulled his hair, causing him great pain; struck him over the wrist with a perfumery bottle, and was so jealous of his office attendant that she was forced to leave his employ."

A reconciliation was effected and Dr. Tolton withdrew the action and returned to live with his wife and their two children. Since then more trouble has been brewing and for several months the couple have been estranged. Dr. Tolton, living at the Sutter Club. The grounds for the new divorce action have not been revealed.

REPUBLICANS IN HOUSE PLAN REFORM BILLS

BY UNITED PRESS
LEASED WIRE TO TRIBUNE

WASHINGTON, May 16.—A legislative program of ten important measures was drawn up and agreed upon by the House Republican steering committee today for submission to the entire Republican membership in caucus tomorrow night.

The program, if adopted, will be regarded as the promise to the country to see that the ten measures are carried through Congress with all possible speed. They are:

Repeal of the luxury tax.
Return of the wires.
Adoption of a shipping policy.
Settlement of the railroad problem.

Passage of constitutional suffrage amendment.

Enactment of a national budget system.

Tariff revision.

Aid for men coming from the service.

Economy in public expenditures.

Passage of essential appropriation bills.

The work on appropriation bills will, of necessity, be the first matter taken up, but repeal of the luxury taxes and perhaps, suffrage will be rushed through the House very early in the session, party leaders said.

Return of the wires will also come up for early consideration.

With the exception of the wire return, luxury tax and suffrage questions, the committee did not attempt to carry out the outline of a party platform to be taken up at the caucus, said the various legislative committees which have charge of matters.

Represents native Alabamians of Illinois, who suggested the outline of a party platform to be taken up at the caucus, said the various legislative committees which have charge of matters.

The steering committee also decided to ask the chairman of one of the three House elections committees to challenge Victor Berger, Milwaukee Socialist congressman, when he presents himself to be sworn in next week.

THE DA LOSES ONLY CHANCE FOR FAME

BERKLEY, May 16.—Theda, Holsten baller of the University of California, has lost her chance for fame.

Unlike her campus namesake in the movie world, Theda has no earnings for histrionic honors. Theda was to have been one of the "stars" of yesterday's production of "The Modern Pandora," the annual Parthenon of University of California co-eds, which was staged in the Greek theater. But she had a mind of her own like the modern Pandora in the play in which she was to have appeared.

As a result, Miss Margaret Breedlove, who was to have led the young woman to sacrifice, walked alone in the professional which ended at its own. Theda remained locked in a closet behind the scenes, her rebellious cries muffled by the co-eds.

Today she is blazing contentedly on the hills surrounding Strawberry Canyon and there the college maids are content to let her stay.

CHARGES FRAUD ON ELECTION BOARD

Charges that she had been ousted from her appointment as an election officer through fraud were made today by Mrs. Emily McDonald of 317 Twenty-first street who says that after serving at the primaries, and being notified that she would serve also at the final, she was refused her seat, and Mrs. Harlan Miller, wife of a recent candidate, was placed on the election board in her place.

Mrs. McDonald was a Davis supporter. She was named as one of the Davis election officials, her notice stating that she was to serve for both elections.

"All the other officers were given second notification but myself," she wrote, "and when I appeared at 5:15 in the morning I was informed that I need not serve, that Mrs. Miller had been named in my place. When I complained to City Clerk L. W. Cummings he tried to make out that Mrs. Miller had served on the first board, then he said to come around in a few days and see him."

Mrs. Miller is listed as a Jackson official, each member of the council having served on the first board. Cummings says he does not know how a "switch" could have been made.

According to Mayor John L. Davis, several complaints have been made to him of a similar nature.

Woman Barricades Against Subpoenas

SAN FRANCISCO, May 16.—Mrs. Martha Ruddy Lee today accepted service of divorce suit papers from William Allen Lee of Omaha, after having barricaded herself for three days against subpoena servers in her apartment.

Mrs. Lee in turn has filed three suits against Lee. Last one for maintenance, another for a \$500 automobile and a third for recovery of \$10,000 which she alleges she gave him.

Seek Assemblyman for Alimony Failure

SAN FRANCISCO, May 16.—Superior Judge John J. Van Nostrand today issued a warrant for the arrest of Assemblyman Harry F. Morrison, with instructions that he be taken to the county jail to serve a ninety-day sentence. Morrison was cited for refusing to pay alimony.

ALUMNAE OF HOLY NAMES IN REUNION

The annual reunion of members of the Alumnae of the College of Holy Names was held yesterday at the convent of the Holy Names on Webster street, and was largely attended. The day was devoted to social intercourse and reminiscences of school days.

At a special business meeting held late yesterday afternoon an election of officers was held, the following persons being chosen. President, Miss Agnes Wheeler, San Francisco; vice-president, Miss Triscilla Cavagnaro, Oakland; recording secretary, Mrs. Walter Sullivan, San Francisco; corresponding secretary, Mrs. I. C. Poundstone, Oakland; treasurer, Mrs. George McManis, Oakland.

The business was followed by a tea, during the service of which the college orchestra rendered several selections and there were toasts of love and loyalty to the institution offered by the alumnae. Benediction of the blessed sacrament was given at 5:30 o'clock, at which Rev. P. J. Keane, pastor of St. Francis de Sales, gave an address.

'Phone Strike Waits Arrival of Officer

BY UNITED PRESS
SAN FRANCISCO, May 16.—Delay in the arrival of Julia O'Connor, president of the operators' section of the electrical workers' union, will postpone the proposed calling of a strike of telephone operators for Monday, said Miss E. Schmitz today.

Miss Schmitz, who is business agent of the local union, said she herself had no authority to call a strike. A vote favoring a strike on the coast has been taken, she said.

Julia O'Connor is believed to be in Seattle or Portland. She is expected here Monday or Tuesday.

Counterfeiters Are Sent to Penitentiary

SALT LAKE CITY, Utah, May 16.—Four counterfeiters, arrested after a nation-wide chase, were today sentenced to terms in the Leavenworth penitentiary. Dant Bagnam, alleged leader of the gang, will be sentenced tomorrow. Cattorio Bigongara, arrested in San Francisco, was sentenced to two years' servitude. Giuseppe Bagnam, his brother, arrested in New York, to two years, Emilio Cavasini to 18 months.

FOUR IDENTIFIED
AS ASSAILANTS

SAN FRANCISCO, May 16.—Leo D'Vidio, Siamese soldier at the Presidio, has identified Arthur Barnes, F. Barrie, R. McCormack and J. Tyler, colored soldiers, as the men who, he says, beat him Wednesday night. That D'Vidio, whose correct name is Leloungseussess Wihimintseiz Hurazietzeiz, was not severely hurt was indicated by his announcement today that he intends participating in a boxing match next Wednesday night at the T. M. C. A. hut.

When he was at Fort Logan D'Vidio says he was persecuted by

Duke Maximilian is
Latest Royal Exile

GENEVA, May 16.—Archduke Maximilian, a brother of former Emperor Charles of Austria, is the latest member of European royalty to arrive in Switzerland. Four more archdukes are expected to arrive here this month. Aristocratic families continue to arrive from the former dual monarchy, where, according to reports, living conditions are intolerable.

Members of the colored regiment on several occasions, following his demand that he be transferred to a white regiment. He had been assigned to the colored detachment, he said, through error. His defeat of several of the colored troops in boxing matches intensified their enmity, he says.

It is believed that the men D'Vidio accuses will face a court-martial.

GRAND ARMY
NAME WILL BE
PERPETUATED

Change of its own name so as to perpetuate the name "Grand Army of the Republic" is the purpose of a resolution before the Sons of Veterans, now in convention in Santa Ana, with the annual encampment of the department of California and Nevada, Grand Army of the Republic. A secondary object of the resolution is to distinguish the organization of the sons of veterans of the Civil war from organizations formed by the veterans of other wars.

In the elections three persons from Oakland were honored. W. W. Savercool was elected senior vice-commander of the G. A. R. Susan McFarland Clark was elected to the executive board of the Women's Relief Corps, and Hattie Van Alstyne to the council of the Daughters of Veterans. Alice Gabrielle of Berkeley was elected to the executive board of the Women's Relief Corps.

In the resolution it is provided that the Sons of Veterans change the name of the organization to "Sons of the Grand Army of the Republic." It was pointed out that the ranks of the G. A. R. are thinning rapidly and that in only a few years the organization will be without membership.

OFFICERS CHOSEN.

Russell C. Martin was chosen department commander of the G. A. R. in the principal business of the day for the G. A. R. and affiliated organizations. Other G. A. R. officers follow:

Senior vice-commander, W. W. Savercool, Oakland; junior vice-commander, P. E. Newman, Santa Ana; medical director, D. W. Russell, Buena Park; chaplain, Dr. W. W. Lincoln, Long Beach; judge advocate, Henry Z. Osborne, Los Angeles; council of administration, E. H. Miller, Redondo Beach; C. H. Clark, Glendale; Israel Smith, Pasadena; Victor Burfen, Santa Barbara; and A. J. Baldwin, Pomona.

The Sons of Veterans elected William H. Hyden of Los Angeles as division commander, other posts being filled as follows:

Senior vice-commander, G. E. Carr, San Francisco; junior vice-commander, C. O. Boynton, Long Beach; division counsel, D. W. Lewis, Riverside; S. S. Davis, Los Angeles; Smith Stullinger, Long Beach; delegate-at-large to national convention, F. C. Hawthorne, Los Angeles; alternate, David P. Weaver, San Diego; delegate, G. A. W. Faust, Santa Ana; alternate, Frederick Martin, Los Angeles.

WOMEN'S RELIEF CORPS.

Mrs. Agnes E. Pease of San Francisco was elected president of the Women's Relief Corps, other officers chosen being:

Senior vice-president, Mrs. Martha M. Durfee, Santa Barbara; junior vice-president, Margaret Jenkins, Redondo Beach; treasurer, Margaret Farmer, San Francisco; chaplain, Jennie Heffelfinger, Los Angeles; executive head, Alice Gabrielle, Berkeley; Helen Kellerg, Santa Ana; Sarah A. Martin, Los Angeles; Susan McFarland Clark, Oakland; and Nellie Edell, San Francisco.

DAUGHTERS OF VETERANS.

The results of the election held by Daughters of Veterans follow:

President, Eva Bell, Santa Ana; senior vice-president, Lizzie Crapo, Long Beach; junior vice-president, Elsie Heath, Eureka; treasurer, Mrs. Kate Fuller, Pullerton; chaplain, Orleana Wright, San Jose; patriotic instructor, Eva Gage, Pullerton; inspector, Jane Zimmerman, Fresno; council—Margaret Stoner, Sautelle; Della Tomo, San Francisco; Hattie Van Alstyne, Oakland.

Among the business transacted by the G. A. R. was the selection of Santa Barbara as the location of the 1920 encampment, reduction of the adjutant-general's salary from \$100 to \$75 a month, and the continuation of a per capita tax of 50 cents a

LEPERS IN EXILE
MAKE PLEA FOR
A PLAYER PIANO

Sight lepers exiled in a corner of the County Infirmary are needing and longing for music. It is the dream of the six boys and two girls that some day a player piano will be theirs. The Alameda County Hospital Federation, through the Battle Committee, which is looking out for their comfort, has promised that the dream will come true.

Perhaps stored away in some player piano in a house which might be donated to these people who must always be separated from their kind. Perhaps some tender hearted man or woman, if they only knew, could send a player piano to the isolated group and find in their joy all the thanks needed.

Perhaps even the people of Alameda county, working together, might accumulate a fund which would assure to the lepers the player piano. It would not be so great a fortune and the boys and girls would not ask an extravagant gift.

The third department of the Oakland Tribune will receive the offer of a piano player or funds which the people may wish to subscribe toward the purchase of an instrument, on behalf of Kenneth A. Millican, chairman of the Battle Committee.

DAUGHTER OF S. F.
FOUNDER IS DEAD

SAN FRANCISCO, May 16.—Mrs. Datividad de Haro Tisset, daughter of Don Francisco de Haro, first Alcalde of Yerba Buena, who came to California in 1810 with a band of Spanish troops and who 16 years later was ordered by the Spanish authorities to proceed from Mission Dolores to lay out the new town by the coast, leaving out the first street of what is now San Francisco, died at the home of her daughter, Mrs. Mercedes Truman, 810 Forty-third avenue, yesterday.

She was the wife of the late Spanish doctor, who was born at the Presidio in 1823. In her long life Mrs. Tisset saw four flags flying in California—Spanish, Mexican, Russian and the Stars and Stripes. Her grandfather was Sergeant Don Jose Sanchez, an important military figure under the Spanish regime and founder of the local Sanchez family. The land holdings of the de Haro and Sanchez families comprised the great part of the peninsula upon which San Francisco was afterward built. They owned the Potrero, Buri Buri, San Pedro and Lazana de la Merced ranches. Mrs. Tisset was never outside of the state during her 90 years.

Funeral service will be held tomorrow from St. Monica's church. Beside her daughter, Mrs. Truman, the pioneer is survived by a son, Albert J. Tisset.

WITHOUT PREJUDICE.

MOUNT CLEMENS, Mich.—One of the jurors in the Ford-Tribune trial said during the questioning that he was the owner of a Ford car, but this wouldn't prejudice him either way.

year to maintain the organization.

The ladies of the G. A. R. held their election today, which resulted as follows:

President, Jessie Dake, Los Angeles; senior vice president, Allison Thompson, Santa Monica; junior vice president, Maude Wallace, Santa Ana; treasurer, Eva J. French, Monterey; counsel, Dr. Julia M. Graham, San Francisco; chaplain, Violet Lawrence, San Francisco.

FORGIVENESS
SENT BRIDE
OF HARRISON

Fates have been kind to Governor-General Francis Burton Harrison and his third bride, the former Miss Elizabeth Wrenthorn, 18 years old, who were married in Chicago at 5:30 o'clock last night, following the granting of a final decree of divorce yesterday to his second wife, Mrs. Mabel Judson Harrison, by the Superior Court in San Diego county on the grounds of desertion.

Mrs. Clarence E. Wrenthorn, mother of the former University of California student, who at first opposed the wedding, from mid-ocean yesterday telegraphed her blessing and promised that when the bride couple reach Manila early in the fall to take possession of the governor's palace, she and the bride's father, Dean Wrenthorn of the University of Manila, will be waiting to receive them.

EVERYBODY IS HAPPY. Despite parental objection, diphtheria germs, health authorities, separation across the continent and the fact that Governor Harrison only yesterday was free to wed the sophomore student, the love of the man for the maid forced his way. Now every one is satisfied and happy and the lovers have started on their honeymoon.

Governor Harrison and Mrs. Harrison leave Chicago today for Washington, D. C., to visit the bridegroom's mother, Mrs. Constance Cary Harrison, where his children by the first wife, the former Mary Crocker of San Francisco, who was killed in an automobile accident several years ago, are waiting to greet their step-mother, who is about their own age. After a sojourn in New York, they will motor through the New England states before sailing for the Philippines about June 12.

FREED OF GERMS.

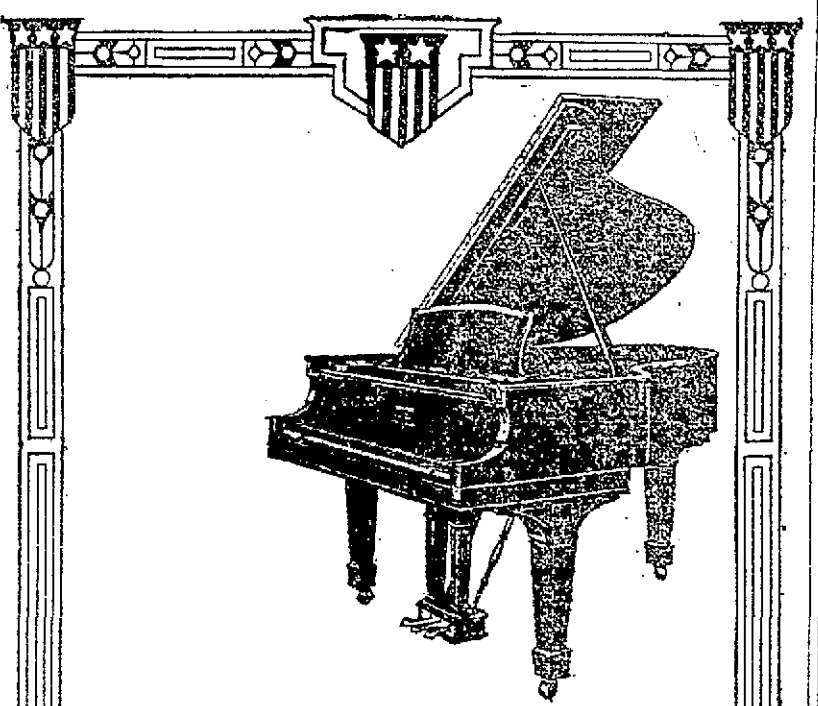

After Mrs. Wrenthorn left Berkeley

LEMON JUICE
FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and supple the skin becomes. Best! It is harmless and never irritates.—Advertisement.

ley and created a stir with the health department, who had designated her a diphtheria carrier, she surrendered herself to the health authorities in Chicago, who took several throat cultures, pronouncing her free of the germs. Governor Harrison joined her to await word of his divorce in the California courts.

At the Blackstone hotel, with Rev.

Johnstone Myers, pastor of Immanuel Baptist church, officiating, the marriage ceremony, which has been of continental interest, took place. The Wrenthorn family was represented by Ensign George Wrenthorn of the U. S. S. New Mexico and Miss Ethel H. Coldwell, dean of women in the University of

Washington. Archibald Harrison of New York, a brother of the bridegroom, was present. Other guests included Miss Lorraine Dean, who served as maid of honor; Mrs. W. G. Pemberton of Manila, Mrs. James R. Leask of New York and Captain H. L. Haas of New York, who made all arrangements for the wedding.
